Five Lines Converge on Torreon—Calles Demands Capture of Every Rebel in City.

BY THE ASSOCIATED PRESS.

The probability of a new border battle, this time south of Arizona, appeared Thursday night while the larger and more cumbersome central armies were moving nearer together in the state of Coahuila. Movement of the bulk of the rebel garrison from Nogales, Sonora, lent weight to a statement by General Francisco Borquez that the rebels were about to attack Naco.

Success in this maneuver would not only remove a federal thorn which has weakened the rebel advance forces by holding reserves in the extreme north, but would exact vengeance for the recent defection from their cause of General Olachea. This general, whom they had believed one of them, had seized Naco in the name of the federal government with the 1,200 Indians of his command.

Four of the ranking officers of 85 former members of the forces of the rebel General Jesus M. Aguirre were executed after a court martial at Vera Cruz. The others were given prison sentences. All had surrendered to federal forces at Acapulco.

A government communique from Mexico City yesterday afternoon confirmed reports of a clash at Encantada, state of Coahuila, in which 30 rebels were slain and 80 captured.

The clash marked the advance of General Cedillo's federal column from Saltillo, which is keeping pace with columns under Generals Almazan and Cardenas. They are converging on Viesca, 30 miles east of the rebel stronghold at Torreon.

To Wipe Out Rebels.

The government bulletin added that unless the rebels from Saltillo had already fled towards Chihuahua, the federal junction at Viesca would make possible an attack to let "not a single insurgent escape."

The main rebel army at Torreon, under its commander-in-chief, General Escobar, was prepared to move at a moment's notice. Its objective was not announced. General Escobar was organizing mass meetings of citizens to explain his conduct in leading the revolutionary movement.

Twenty-three general were listed by General Escobar as having joined the "renovating movement." He charged the Calles party in the government with "corruption in government" and "fanaticism" in an oppressive campaign against religious liberty.

General Calles ordered federal troops to speed up their advance on Torreon, lest the rebels evacuate that city without a decisive fight and retreat toward Chihuahua. He continued on Page 8, Column 7.

Hoover Declares Rebates Over \$20,000 Will Be Thrown Open; Mellon Against Move.

Washington, March 14.—(AP)—The administration today decided to give publicity to decisions of the internal revenue commissioner allowing rebates, credits or abatements of taxes in excess of \$20,000.

The action was taken pursuant to a provision in the first deficiency appropriation bill passed at the last session of congress, but in writing President Hoover, transmitting the necessary executive order and treasury regulations, Secretary Mellon held that as a matter of legal interpretation this provision "would require no material change in the procedure or practices of the bureau of internal revenue."

"However, upon the assumption that this provision reflects an expressed congressional policy," he added, "and in order that the public generally may know that there is nothing mysterious about tax rebates and that there is nothing which the treasury desires to hide, I am recommending your approval of the proposals submitted herewith."

Senator Coughlin, republican, Michigan, who headed the special senate tax investigating committee which sharply criticized methods of arriving at tax rebates, said the executive order of the president was "a vast improvement over existing conditions" and fully complied with the amendment to the first deficiency appropriation bill.

Intent Real Test.

"The real test of its efficacy, however, will be the honest intent and disposition on the part of those charged with the responsibility of carrying out the order," he said. "The secretary of the treasury, when the senate amendment to the first deficiency appropriation bill was passed by the senate, protested vigorously to the chairman of the appropriations committee, Senator Warren, against the senate amendment. He said it was an opinion that the old system completely and adequately protected the government interests, but it is obvious that the carrying out of the present executive order in good faith will necessitate a reversal of Mr. Mellon's attitude."

Under the executive order and the regulations there will be no publicity of the returns of the taxpayer to whom a refund, credit or abatement is given. What will be made public will be a brief summary of the relevant facts and a citation of the applicable statutory and judicial authorities.

Agitation for the publicity of tax returns has been going on since almost since the war and in passing the 1924 tax revision measure, the senate and house finally agreed upon a provision making public the returns of taxpayers over the vigorous protest of the treasury. This was repealed two years later and since that time there has been no publicity regarding taxes except reports on refunds made to congress.

In a statement explaining the reasons for the executive order, Secretary Mellon said tonight the treasury had entered serious objections to all "publicity" proposals and that the soundness of this position was reiterated.

GERMAN MINISTER TO VISIT ATLANTA

Plans Being Made for Entertainment of Herr Freiderich Wilhelm Von Prittwitz und Gaffron

The German ambassador to the United States, Herr Freiderich Wilhelm von Prittwitz und Gaffron, distinguished diplomat and statesman, will visit Atlanta Tuesday, March 19, according to a telegram received Thursday by Dr. G. Gysling, consul for Germany in Atlanta.

The Atlanta Foreign Trade club and the Atlanta Chamber of Commerce will serve as joint hosts to the ambassador and his party. He will be accompanied by his wife, his secretary, Dr. W. Lohmann, and his personal retinue.

A public reception is being planned for 12:30 o'clock Tuesday afternoon at the Atlanta Athletic club, corner of Carnegie way and Cone street, to be followed by an informal luncheon to which invitations are being sent out by the committee in charge of arrangements, which consists of Robert Hecht, president of the International corporation; Benjamin S. Barker, executive vice president of the chamber of commerce; Charles F. Hoke, president of the Atlanta Foreign Trade club; Harry O. Mitchell, district manager, United States department of commerce; Dr. Gysling, R. C. Gotsinger, acting division manager, Chicago Association of Commerce; George H. Jewett, general manager, the Blosser company; Walter Ward, district passenger representative, North German Lloyd steamship line, and W. A. Dunlap, secretary, Atlanta Foreign Trade club.

Mr. Jewett will receive the ambassador and his party at Brookwood station, where he is scheduled to arrive at 9:30 o'clock Tuesday morning. The reception committee at the Athletic club will be headed by Philip H. Alston, president of the chamber of commerce, and Charles F. Hoke, president of the Foreign Trade club. Robert Hecht will preside as toastmaster at the luncheon. Invitations have been extended to the governor and the mayor to deliver brief addresses of welcome.

Dr. Thornehill Jacobs, president of Oglethorpe university, will make a brief talk.

NEWLYWED KILLS WIFE, SHOTS SELF AT AMERICUS, GA.

Americus, Ga., March 14.—(Special)—Johnny Deloach, 25 years old, a white man, shot and killed his wife and mortally wounded himself here today. The tragedy occurred in the home of Mark Bell, a brother-in-law of Deloach, where Deloach and his wife and Mr. and Mrs. Bell were seated in an automobile. Mrs. Deloach was shot twice and lived only a short time. Two bullets penetrated Deloach's body, one of these going through the heart, but early tonight he was still alive. There has been no explanation of the tragedy, and apparently Deloach and his wife, who had been married only a few weeks, were on good terms up to the time of the shooting.

Counsel for Defendant, Accused of Attacking Girl, Claims Mistake in Identification.

Arguments halted for overnight recess at 5 o'clock Thursday night to be resumed this morning, the case of Alvin E. Merritt, 25-year-old automobile factory worker and alleged North Side "fiend," is expected to reach a jury in Judge John D. Humphries' division of the Fulton superior court by noon today.

The opening defense argument, a plea that the state's witnesses were mistaken in their identifying Merritt as their alleged attacker, was made late Thursday afternoon by Judge W. A. Covington, of Moultrie, assisting H. A. Allen in handling Merritt's defense, after the alleged "fiend" had taken the stand as the only witness in his own defense and in an unsworn statement declared that he was at home in his apartment, at 1000 Greenwood avenue, asleep at the time of the alleged assault for which he is on trial for his life.

Chief Deputy Solicitor Ed A. Stephens hardly had begun the opening argument for the prosecution when Judge Humphries ordered a recess until 9 o'clock this morning. Mr. Stephens had announced that he would confine his argument chiefly to a discussion of the law governing the case. He will finish this morning immediately after court reconvenes.

Defense Claims Mistake.

Judge Covington, reviewing the testimony of two girls, one of whom testified that Merritt attacked her and the other sister, describing the alleged attack, asserted that both young women were mistaken in pointing out Merritt, that he was, as he had previously testified, at home in bed and consequently could not be guilty of the crime with which he is charged.

"There are many, many cases in which the prosecuting witnesses, excited as these young ladies must have been, have identified the wrong person altogether," Judge Covington said. "It is so in this case. Of course no one doubts the good faith of the two girls, but they are wrong, all wrong and there is not a shred of evidence to support their testimony."

Spoke for Hour.

Judge Covington spoke for nearly an hour, leaving slightly more than an hour for the concluding defense argument today by Mr. Allen, which will follow the state's closing arguments to be finished by Assistant Solicitor Stephens and Solicitor General John A. Boykin.

Merritt's unsworn statement followed. "Gentlemen of the jury, my name is Alvin E. Merritt. I was born in Greene county and lived there with my parents until I left in 1922 to join the army. I served three years in military service at Fort Bragg, N. C. Upon receiving my discharge I came to Atlanta, where my family had removed during my stay in the army. I obtained employment at a motor car plant and held the job until the day I was arrested. I have never seen either of these girls who appeared here today until they came to the police station after my arrest. I was at home and in bed on the night of January 23 (the night of the alleged attack) and could not have been in their room. They have picked out the wrong man."

State to Ask Death.

The state will ask the death penalty for Merritt, it was announced. In obtaining the jury, Solicitor General Boykin asked each individual venireman if he was opposed to capital punishment, and those voicing opposition were ruled off for cause. The 12 men selected, all are middle-aged or approaching middle age and the majority are married men and the heads of families. The jurors follow:

Lawrence Arnold, James F. Williams, D. E. Wilson, E. E. Nolan, R. E. Vander, U. G. Buckner, D. M. Ingram, C. W. Groover, C. R. Underwood, G. D. Adair, D. W. Thomas and M. W. Anderson.

Dry Cleaner Testifies.

Hinton E. Parks, a driver for a cleaning establishment, testified that he received at the Merritt apartment on February 8 a suit, which was to be cleaned. The suit previously had been identified by the two girls as the suit worn by their alleged attacker. Lieutenant T. O. Sturdivant, central figure in the police investigation of the case, testified that he had found a pistol and flashlight in Merritt's apartment after he had made the arrest. The pistol and light previously had been identified by the girls as being in the possession of their alleged attacker.

The state offered no rebuttal testimony after the unsworn statement of Merritt.

Hunger and Lack of Employment Given as Reason in Alleged Confession of Roy Williams.

Giving hunger and lack of employment as his reason, Roy Williams, 19, of Wheeling, W. Va., Thursday afternoon, according to police, confessed two daring downtown holdups within the past two weeks following his apprehension by County Policeman Tom Davis and L. J. Dickerson in the alleged act of "spotting" a third place to rob.

Officers Davis and Dickerson arrested Williams in front of a Mitchell street clothing store when they recognized him from descriptions given by managers of two stores he is alleged to have held up, the Martin Clothing store, of 11 Forsyth street, which was robbed of \$78 and the Lester Men's Furnishing store on Decatur street, which yielded \$116 to the point of a gun in a bandit's hand about two weeks ago.

Lodged in Fulton tower under \$4,500 bond on two robbery charges and charges of carrying a pistol, a .25-caliber weapon which the officers found in his pocket on arresting him, Williams readily confessed to the holdups, officers claimed.

He said he came to Atlanta about three months ago and for a time was employed in the construction of the viaducts. On completion of this project, he was unable to obtain employment elsewhere, and was forced to resort to holdups to eat, he said.

Following the holdup of the Lester store, he purchased a suit of clothes and overcoat from the Edgewood avenue branch of the Martin Clothing company, and then decided to holdup the store, he said. He was satisfied with his suit, it is alleged.

County Officers Davis and Dickerson arrested Williams as he was standing in front of the Mitchell street clothing store examining the arrangement of the entrance and the interior of the place, they said. They believed he contemplated an early holdup of this store.

Rain To Come To End Today, Is Forecast

Weather Man Predicts That Clearing Up Process Will Begin by Noon.

With veritable downpours reported Thursday from practically every section of the southeast, ranging from more than two inches in Atlanta to twice that amount in Birmingham, which have caused flood warnings to be issued for a large territory and which caused many near floods in Atlanta itself, some relief is promised today with the assurance of the local weather bureau that a clearing off process will probably start around noon.

Rain here Thursday afternoon had totaled 3.45 inches since the start of the latest series of precipitations, bringing the total for the month up to 7.30, or two inches more than the usual quota for the whole of March. Rain since the first of the year has totaled approximately 21 inches or an excess of over 8 inches.

Railroad service into Atlanta was seriously hampered by the heavy Atlanta rains, it being reported here late Thursday afternoon that the Crescent Limited, crack Southern train, due here at 11:40 o'clock, had been stopped somewhere between Montgomery and Mobile and some doubt was expressed as to whether it would be brought in at all. Train No. 40, scheduled to leave at 12:05 o'clock Thursday, was held over and left at 12:50.

While much of the state south of Atlanta is preparing for renewed inundations, Atlanta itself was given a real taste of actual flood conditions Thursday morning when several miniature tidal waves were reported circulating freely. Repair crews of the city construction department were kept busy clearing sewers, which by refusing to carry off all the liquid, threatened to flood several homes with basements.

The homes of J. F. Hennegar and C. M. McAfee, on Page avenue, were reported to have suffered much damage by the total for the month up to 7.30, or two inches more than the usual quota for the whole of March. Rain since the first of the year has totaled approximately 21 inches or an excess of over 8 inches.

Inter-Civic Leader

HOFFMAN ELECTED INTER-CIVIC HEAD

Atlantans Urged To Exert Every Effort Toward Completion of Stone Mountain Memorial.

W. D. Hoffman was chosen president of the Atlanta Inter-civic association at the annual meeting held Thursday night at the Chamber of Commerce building. Action also was taken by the body upon several important questions, including the proposed Union station, the Stone Mountain memorial and the natural gas charter petition.

Mr. Hoffman succeeds Wade M. Davis as president and Mr. Davis, with E. Stevens, Dr. W. B. Duvall, Mell R. Wilkinson and R. L. Cooley were named vice presidents. W. Brown Hayes was reelected secretary and treasurer. The following executive committee also was chosen: Mr. Hoffman, Mr. Wilkinson, Mr. Hayes, I. L. Crawford, W. A. Verno, J. C. Mackay, Miss Nellie Emery, J. L. Hudson, E. G. Beal, W. N. Gallaher, G. C. McWhorter, A. G. Matthews, G. F. Willis, M. G. Hicks, R. L. Cooley, R. F. Brownlee, E. P. Tutshaw, A. W. Warner, R. O. Rivers, J. A. Smith, C. D. Knight, W. H. Abbott, J. B. Prendergast, Bruce Moran, Al H. Martin, R. P. McLarty, C. R. Barnett, B. P. Fraser, Jr., and W. B. Correll.

The association urged immediate action on the already planned union station and arranged to communicate this request to the state public service commission, the city government and the officials of the Western & Atlantic railroad.

Request of the Southern Natural Gas corporation for a franchise to operate in Atlanta was given the approval of the group and it was urged that every Atlantian put forth every effort to bring about completion of the Confederate memorial at Stone Mountain.

Removal of the cut-off at the corner of Central and Decatur streets so as to make Ivy street continuous was recommended as a means of adding to the usefulness of the Central avenue viaduct.

Philip Alston, president of the chamber of commerce, was principal speaker. Mr. Alston made a stirring appeal for cooperation of the nearly two-score groups represented in the association, in attempts to place Atlanta at the forefront of the country's cities.

Mitchell Said To Have Expressed Informal Disagreement With Justice Department Program.

BY BASIL MANLY.

Washington, D. C., March 14.—(Special).—Senator William E. Borah, of Idaho, today conferred at length with Attorney-General William D. Mitchell regarding the fate of John W. Snook, warden of the Atlanta penitentiary and the espionage system introduced into the federal prisons by Assistant Attorney-General Mabel Walker Willebrandt, with the approval of former Attorney-General John G. Sargent.

Mr. Mitchell gave no indication of his attitude regarding either of the questions discussed. When Senator Borah called the attorney-general was examining the file of documents relating to both matters. He made it clear that he would not come to any decision until he had completed his study of the official records.

Sees Doom of System.

The conviction is growing in circles close to the new head of the department of justice, however, that he will order the spy system discontinued even at the cost of a disagreement with Mrs. Willebrandt who now is acting as assistant attorney-general and who has been proposed as head of the prohibition enforcement activities of the administration. This view of the probable action of the attorney-general is strengthened by the information which has just come to light that while Mr. Mitchell was still acting as solicitor for the department one of the southern senators, who has taken great interest in the case, discussed the espionage system with him as a legal proposition. Mr. Mitchell is said to have expressed informal disagreement with the system as it was explained and to have remarked that he was unable to see how it could be squared with proper processes of court procedure.

Senator Borah today was closeted with the attorney-general for more than an hour and although both declined to outline the scope and character of the discussion, it is known that the Idaho senator pressed with vigor his views that Snook should be retained as warden and that the spy system should be forever abolished. He dwelt at some length upon the record which Snook had made as warden of the Idaho State penitentiary and called attention to the fact that although repeated investigations of his administration of the Atlanta penitentiary had been made by agents of the department of justice no charges reflecting seriously upon his character or his ability had been filed. He directed the attorney-general's notice to the fact that the house committee on prison conditions after a thorough hearing of all the charges had completely exonerated the warden and praised his administration in the face of a serious condition of overcrowding.

Hits Espionage System.

Senator Borah denounced the espionage system on two grounds, first that it is inherently evil and cannot fail to produce a bad effect upon prison discipline. Second, that it involves serious legal irregularities and makes the officers of the federal courts parties to transactions which have no sanction in law.

Senators and congressmen who are remaining in Washington during the adjournment are manifesting increasing interest in the situation and it is rapidly becoming certain that if the attorney-general fails to act or if he should desire to continue the spy system a thoroughgoing investigation by the senate judiciary committee is certain to be ordered during the early days of the special session.

SENATOR HARRIS JOINS ATTACK ON SPY SYSTEM.

Senator William J. Harris, senior Georgia senator, joined Senator Walter F. George and Congressman Thomas M. Bell Thursday in an attack on the spy system inaugurated by Mrs. Mabel Walker Willebrandt, assistant attorney general in charge of federal prisons.

Senator Harris, in Atlanta after an extensive trip through south Georgia in which he visited the fish hatchery at Valdosta, declared "my views are those of Congressman Bell. I believe the system is detrimental to the best interests of the government itself and should be discontinued."

Congressman Bell branded the scheme as "unjustified, un-American, despotic and unwarranted" and declared if it is continued he will take steps to insist on a house investigation in the new congress slated to convene April 15.

General Butler Mobilizes National Guard in Effort To Reach Village in Race With Death.

Montgomery, Ala., March 14.—Four thousand persons, the entire population of Elba, at the confluence of the Pea river and White Water creek, Alabama, are threatened with death by the sudden inundation of their town.

Broadcasting a radio appeal last night, Governor Bibb Graves, of Alabama, expressed fear that failure of speedy rescue would mean "all will be dead."

Urgent appeals for help were received from the stricken town shortly before telegraph and telephone communication was broken, presumably by rising waters that flooded offices.

Scores of lives were endangered unless boats reached the town by midnight. A. E. Lee, of Enterprise, informed local relief workers. Lee said his last reports were that water flooded through the streets of Elba up to a depth of 10 feet in mid-afternoon and was still rising steadily as the torrents came down from the watershed of Pea river and White Water creek. Rains pouring throughout last night continued unabated here tonight, adding to the torrents feeding creeks and rivers throughout this section.

First word of the tragic situation at Elba, the county seat of Coffee county, reached here at 3:30 p. m. in a telegram to the mayor saying, "Send help at once, all Elba flooded."

A plucky telephone operator in Elba, with water sloshing about her ankles, replied to a telephone call and briefly described the grave situation of the citizens of the town, before rising floods cut the shaky telephone line that remained.

Guard Is Mobilized.

Since then nothing definite from the town has been received.

While silence held the fate of the 4,000 residents, citizens throughout this section of Alabama moved to aid the flooded town, and at Montgomery Governor Bibb Graves acted, ordering two companies of Alabama National Guard to the scene to aid in rescue work.

The national guardmen, it was reported here, could not be sent by boat, were expected to leave Montgomery in a truck and motor caravan over treacherous roads. This city itself has been cut off from rail transportation by washouts along rail lines.

Dependability!

It's a rare and a priceless quality, this thing of meriting public confidence. For more than 60 years Constitution news has been most attractive and most accurate, and for the same period of time Constitution ads have carried with them absolute assurance of quality, service, economy and satisfaction. Today more than ever dependability is an unfailing characteristic of Constitution news and ads.

JOHNSTON OFF STAND AFTER DEFENSE OF WEEK

Governor Resists Impeachment Charges With Personal Defense of Office.

Oklahoma City, March 14.—(AP)—After a week of personal defense of his administration and his competency to resume the governor's office, from which he has been suspended, Henry S. Johnston today relinquished the witness chair in the Oklahoma senate court of impeachment, to other defense witnesses.

The suspended governor's testimony, which had attracted evidence in the ten impeachment charges on which he is being tried, ended in replies to a variety of questions propounded by his prosecutors from the house of representatives and by members of the senate court itself. He was excused

with the understanding that he could be recalled by any member of the court who wished to question him.

A parting shot at Mrs. O. O. Hammonds, former confidential secretary to Johnston, who has shared the burden of much of the testimony against his administration, was fired by Senator Grover Thomas, of Cordell. In the form of a question, Thomas intimated that Mrs. Hammonds had blocked him in an attempt to interview Governor Johnston relative to a road program in Thomas' district. He intimated that she pounded her fist on a table and declared that the senator was neither her friend nor a friend of the governor.

Johnston replied he had been informed that Thomas' mission was to obtain the appointment of Mrs. Thomas as automobile tag agent.

In reply to a question by H. Tom Kight, prosecutor and political enemy of the suspended governor, Johnston gave his version of an incident which he was portrayed as consulting the signs of the zodiac for an auspicious time for the signing of a bill. Johnston said he had told newspapermen jokingly he was consulting the zodiac, and that he explained it was a joke after the story was published.

NEWTON TO SPEAK AT MEN'S MEETING AT INMAN CHURCH

Louie D. Newton, editor of the Christian Index and one of the most active workers in the local Baptist church, will speak before a men's meeting at 7:30 o'clock tonight at the Inman Park Methodist church.

This gathering will be the last of a series of meetings which have been held for men at the church during the past week. The meetings have been conducted by the board of stewards and the Friendship Scott Bible class preliminary to a series of revival services which are to begin Sunday.

Special music has been arranged and the men of Atlanta, and those residing in Inman Park particularly, have been invited to attend.

NEW TRIAL PLEA HOLDS UP HARSH DEATH SENTENCE

Execution of George R. Harsh, under conviction on the charge of murder of Willard Smith, drug store clerk, was set for today by Judge E. D. Thomas, of Fulton superior court, but due to the fact that a motion for a new trial is pending before Judge Thomas, Harsh automatically has been given a stay of sentence.

Date for the hearing of the new trial motion has not been set. Some delay was caused in completion of the transcript record in the case because of the extremely technical testimony and the length of the trial, and attorneys have not had a fair opportunity to thoroughly study the record, it was said.

HIT BY STREET CAR, VICTIM IS ASKING \$50,000 DAMAGES

Suit for \$50,000 damages was filed Thursday by O. E. Gay, 50, of 110 St. Michael street, East Point, against the Georgia Power Company for injuries alleged to have been received on March 9, when an automobile in which the plaintiff was riding was struck by a street car on Main street in East Point. Gay alleges that his collar bone was fractured and that he received internal injuries. The petition was filed in city court by Sims & Berman.

EMPTY MAIL SACK ALL POSTOFFICE ROBBER OBTAINS

Frequently robberies of postoffices yield little profit but a record is thought to have been established along this line when the postoffice at Crest, Ga., was entered Wednesday night and the sole loss reported was one empty mail sack, according to information received Thursday from Postmaster L. WESLEYAN WILL ASK FOR \$2,000,000 FUND

BY HOWARD LEONARD.
Macon, Ga., March 14.—(Special.) Wesleyan college, which recently moved into a \$1,800,000 plant near Macon, is in need of \$2,000,000 to retire bonds and erect more buildings on the new campus, according to a statement by Dr. W. F. Quillian, president of the college, in a special edition of the Macon Telegraph, published by journalism students of the college today.

One million dollars is needed to retire bonds placed upon the property in the erection of the new plant, Dr. Quillian said. Three hundred thousand dollars is needed for the erection and maintenance of a new chapel and administration building; and \$700,000 is wanted for the further development of the campus and to increase the endowment to approximately \$1,200,000.

The Wesleyan edition of the Telegraph was edited by Miss Winnie Jones, as editor-in-chief, and Miss Elizabeth Woodward, as associate editor. All editorials and news stories in the second section of today's Telegraph were written by Wesleyan students. The section is replete with feature stories describing the new Wesleyan plant and with personality sketches of members of the college faculty.

junction in the Fulton superior court but this order was dissolved by the supreme court. It was held that the Candler firm had authority to decline to renew the contract after it had given Smyth Brothers 60 days notice of its purpose not to renew.

IGNORANCE OF LAW PLEA NO EXCUSE FOR TAX REFUND

"Ignorance of the law" is no legal excuse for commission of a crime and is not even an excuse for a company to get a refund of taxes when paid through ignorance to a municipality, it was ruled by the supreme court in a decision handed down Thursday. Payments of taxes to the city of Savannah in 1918 and 1924 by shipping companies and stevedoring companies aggregating \$3,000 were involved. The supreme court ruled that the companies paid the taxes voluntarily at the time and that there was no duress used by the city in retaining the money paid in the form of licenses for steamship brokers.

BISHOP MIKELL CONDUCTS LENTEN SERVICE TONIGHT

Bishop H. J. Mikell, head of the diocese of Atlanta, will conduct the services and preach at the fifth of a series of Friday night Lenten services to be held at 8 o'clock tonight at the Church of Our Savior, at Highland and Los Angeles avenues.

One small can of salmon, or fresh peas in season, one can salmon, flaked, one green pepper, minced, removing seeds and stems, two tablespoons flour, one tablespoon butter, one pint milk. Seasoning. Melt butter, and blend in flour and seasonings. Add milk, and allow to thicken. Add salmon, peas and pepper. Allow to blend and serve hot on toast.

Salmon Delight.
Melt one tablespoon butter and stir in two tablespoons flour. Add one and one-half cups milk gradually and let boil until thick. Add one can salmon, flaked. Add one hard-boiled egg, cubed, and two small canned pimentos, cubed. Add one teaspoon grated onion. Season to taste. Let come to boil and just before removing from fire add

lemon juice. Spread on toast and sprinkle with paprika. Garnish with parsley.

Physical Examinations Proposed for Employees Of Atlanta Restaurants

Following a lively discussion Thursday of a proposed ordinance forcing all employees of cafes, restaurants and other places where food is served to stand physical examinations, the ordinance committee of city council deferred action pending further investigation.

C. V. Hohenstein, secretary of the Atlanta Retail Merchants' association, championed the paper, while O. P. Walton, owner of a restaurant on Whitehall street, opposed it.

The committee approved several minor rezoning papers.

BRAZILIAN FORCE DRIVES PARAGUAY TROOPS FROM ISLE

Asuncion, Paraguay, March 14.—(P)—Brazilian soldiers from Puerto Martinho have attacked the Paraguayans at Isla Margarita, opposite that place, obliging the Paraguayans to abandon their post.

The office made representations to the Brazilian government demanding immediate evacuation of the territory.

55,603 Fulton Citizens Are Qualified To Cast Votes for County Board

Series of Rallies Held at Which All Candidates Appear—Many Meetings Scheduled Tonight.

There are 55,603 voters in Fulton county qualified to cast ballots in the special election Wednesday to fill the post on the county commission left vacant by the death of Captain George M. Hope, it was announced Thursday by W. S. Richardson, registrar. Seven candidates now remain in the race out of an original entry list of ten.

At a series of rallies Thursday night, speakers presented their cases to citizens—two rallies were for all the candidates and friends of Robert F. Pennington and Edward Imman, held private gatherings in different sections of the city.

Imman headquarters announced at the same time that seventh ward headquarters have been established at 830 Gordon street.

All aspirants were invited to appear at rallies held by the North Side Improvement club at the R. L. Hope school, and by the Peachtree Terrace club at the Covenant Presbyterian church. The speakers presented their platforms which in the main were for more business-like and economical administration of county affairs.

Zack Layfield was elected chairman of the newly-organized West End Pennington club at Lee and Gordon streets; F. J. Kreis, vice chairman.

Meetings for Tonight

Included among meetings slated for tonight are the following:

Base Junior High school, under auspices of the Ninth Ward Civic association, headed by Leonard Crawford; the Adair Park Civic Club at the Adair school; and the Second Ward Citizens' Club at Crew street, which all candidates have been invited.

The sessions will begin at 7:30 o'clock. Third ward citizens have been asked to meet at the Crest Street school, where William C. Slate will preside.

All candidates are also invited to speak tonight at an oyster supper to be held at the English Avenue Methodist church to be held from 6 o'clock until 8 o'clock. Music will be furnished by the Happy Four quartet and the public is invited. It was announced Thursday night by Rev. H. J. Penn, pastor.

Roy L. Craycraft, chairman of the second ward Ed Imman club for county commissioner, Thursday requested that all members of the campaign committee meet at 7 o'clock tonight at the residence, 474 Pryor street, S. W.

Pennington Rally. Another Pennington rally will be held at 8 o'clock tonight at 985 Delaware avenue.

Government Commissioner Recommends Pink Salmon

Low Cost and Iodine Content Combine to Make Canned Pink Salmon "King of Food Fish"

In an interesting bulletin Henry O'Malley, Commissioner of Fisheries, emphasizes the merits of canned pink salmon as an article of diet for children and adults. It was Dr. Harvey Wiley, the eminent health and food authority, who crowned pink salmon as "King of Food Fish."

These excerpts are from the government bulletin, "Economic Circular No. 48, Department of Commerce, U. S. Bureau of Fisheries."

Economy of Using Pink Salmon.

"Pink salmon usually contain less fat but are equal to the redder varieties in protein—tissue-building material. They are low priced because of their abundance and the use of labor-saving machinery in handling and canning them. Their high protein content and lower cost render them more economical than most animal foods in common use. To buy the same quantity of proteins, disregarding the fat or oil, in various foods in common use, would cost as follows:

Canned salmon, pink or chum, per 1-lb. can	15
Ham, 1/4 lb. at 45 cents	63
Chicken, average, 1/4 lb. at 35c.	49
Lamb, leg, 1/4 lb. at 37c.	55
Strips steak, 1/4 lb. at 40c.	52
Eggs, strictly fresh, 1 doz.	48

Canned pink salmon contains "more tissue-building material, weight for weight, than the other foods listed. They are as digestible as the best of meats, there is no waste, and nothing has to be thrown away except the can."

"They have another virtue. Fresh meats spoil quickly in the home; canned salmon will keep indefinitely if unopened. Moreover, it is ready for immediate use, or it may be cooked in a variety of ways if desired."

"One pound of fresh salmon will furnish 18 per cent of the energy a man needs daily, 69 per cent of the protein, 10 per cent of the calcium, 67 per cent of the phosphorus, and 18 per cent of the iron. At the bones are softened in processing and rendered suitable for consumption, the mineral content of canned salmon should be somewhat higher."

"Iodine in Canned Salmon."

"Iodine is very common in many parts of the United States, affecting in some instances, over 50 per cent of the population. Iodine or foods rich in iodine have been found to be very efficient in the prevention and treatment of this

disease. In fact, iodine seldom occurs in those sections in which the food and water contain relatively large amounts of iodine. Sea foods are rich in this essential element, as might be expected when one considers that soluble iodine salts washed from the land have been accumulating for millions of years in the ocean. Pink salmon contain more than ten times as much iodine as meat, milk, eggs, cheese, fresh water fish, or most of the fruits and vegetables."

Brief Life History.

"There are five species of Pacific Coast salmon, all used in the canning industry and all having the same general life history. They all spawn in fresh water, but the young swim down to sea sooner or later, according to the species, where they flourish on the abundant food supply and grow with astounding rapidity."

Pink Salmon undertake their seaward migration almost immediately after working their way out of the gravel and the spawning beds. Salmon normally return to their parent streams when in their second year. They "return to fresh water solely for the purpose of spawning, usually each fish in the stream in which it was hatched. The whole generation is exterminated after providing its successor. It is on this return migration, when the fish are full grown and fat from their feasting in the sea, that most of them are taken for canning purposes."

Canning Operations.

"Salmon canneries make extensive use of labor-saving machinery, which not only makes it possible to pack vast quantities of the fish during the brief period of the runs, but adds to the quality and sanitation of the product by almost entirely avoiding contact with hands and clothing. Nothing is added to the fish excepting sufficient salt for seasoning. The processes employed in packing pinks are in all respects the same as those used on the more expensive reds, and they are, therefore, equally wholesome."

The northbound plane from New Orleans was held at the Birmingham airport because of bad weather.

*The plane scheduled to leave for New York at 7 p. m. was unable to depart because of fog and a low ceiling.

Thursday's rains and fog, which joined forces to make the day miserable for fliers, not only brought commercial aviation activities at Candler field to a complete standstill, but also kept the city's thousands of operators in their efforts to keep on schedule. In spite of the wretched weather, however, all air mail planes, with the exception of two, managed to get through, and three of them ran on time.

The persistence of the rains which have beset Atlanta and environs for the past several days has brought about an unusual situation at Candler field. Aerial visitors to Atlanta, many of whom had intended to resume their journeys during the past night or so, have been prevented from leaving, and their planes, swelled by other planes which were forced to land at the airport because of poor visibility and generally bad weather conditions. The result is that every available inch of space in the three hangars which Candler field affords is occupied and it appears likely that unless the weather does some clearing up today, chance visitors will find scant lodging for their ships.

Doug Davis, Atlanta pilot, flew from Memphis to Candler field, Thursday in 3 hours and 36 minutes, making this expedition his last time in the Whirlwind-powered Travel Air owned by H. L. Prichard, also of Atlanta. Davis reported an uneven trip, after that he battled rain and fog all the way home.

E. P. Duling, a pilot of Roanoke, Va., recently announced plans for taking his entire family on a trans-Atlantic hop some time this spring. He expects to use a tri-motored plane for the ocean venture, the purpose of which, he explained, is to demonstrate the safety of flying as a fact and not as a theory, and to show that there are no more air miles, if he so desires, safely take his family across the ocean in an airplane.

Major Clarence Young, director of the aeronautics branch of the department of commerce, who has been mentioned as the most logical successor to William P. McCracken, assistant secretary of commerce for aeronautics, recently left for Europe to study aviation conditions, and instead of taking along a retinue of secretaries and a flock of portfolios he carried his department of commerce Stearman bi-plane and a Wright Whirlwind motor.

Intermediate landing fields of the department of commerce now in operation or under construction throughout the country number 311, according to a recent announcement of the department. These fields are thirty miles apart along the airways and 281 of them will be lighted. In the south the fields are listed as follows: Alabama, 7; Georgia, 8; North Carolina, 7; South Carolina, 3; and Tennessee, 1.

BLAKELY, GA., ISOLATED FOLLOWING RAINSTORM

Blakely, Ga., March 14.—(P)—This early county town was virtually isolated tonight after a downpour of rain that began at 9 o'clock this morning and continued steadily throughout the day.

Central of Georgia passenger trains were halted a few miles out of the town from both directions by washouts and all the main highways leading out were impassable and travel otherwise on roads extremely dangerous due to floating bridges and washouts.

No serious damage, other than to crops, has been done however, and conditions are expected to improve rapidly tomorrow.

SOUTH NEWPORT RIVER THREATENING DYKES.

Savannah, Ga., March 14.—(P)—Unfettered work was going on tonight on the highways in the Savannah division of the state highway department with H. J. Friedman, division engineer in charge. Chatham county police were sent to the South Newport river section of the Coastal highway today to assist in directing traffic. All available forces have been sent to the roadbeds and the dykes along the rivers where breaks were threatened and highway officials believe that all possible measures have been taken.

Work on the fills of the Georgia-Carolina bridge across the Savannah river has fortified all places, both Georgia and Carolina forces working unceasingly. Traffic has not yet been halted. Waters are at their highest stage at present, it is thought. Highway officials report tonight that the situation is under control and whatever timber bridges are along the route are expected to stand the heavy strain.

EPWORTH LEAGUE MINSTREL SHOW SLATED MARCH 23

The Atlanta Epworth League union will present its minstrel show March 23, according to Pal Parker, chairman of the minstrel committee. The performance will take place at the new auditorium of the Fulton High school, on Washington street.

Among the popular specialties are Miss Catherine Boswell, "The Sunshine Girl," Green B. Adair, Harris Pace and J. Virgil Glenn.

Proceeds of the minstrel will be used to finance the Epworth League Union institute, to be conducted the first week in April.

Those taking part in the minstrel are W. Paul White, E. Ezzard Sheridan, James M. Carr, J. Jarvis, J. Frank Butler, Loy T. Johnson, Bill Nichols, Horace Garrison, Arthur Bryant, Harris Pace, J. Virgil Glenn, John M. Black, Jack Flemming, W. H. Bartlett, Pal Parker and Miss Cleve Puckett.

CARPENTERS' HOME AT LAKELAND, FLA., RECEIVES INMATES

Lakeland, Fla., March 14.—(P)—Aged members of the national carpenters' and joiners' organizations were arriving here today to occupy the new national home built near Lakeland a year ago. The home was formally opened Monday. The buildings and grounds, comprising several thousand acres, were formally dedicated last October by the general executive board of the union following the national convention. City officials and other authorities tended the arrivals at a formal welcome.

FIRE PROTECTION IN DEKALB COUNTY ENDS AT MIDNIGHT

Alarms from Druid Hills in DeKalb county outside of the Atlanta city limits will not be answered, except for fires at educational and charitable institutions, under a ruling by the board of firemasters which will go into effect at midnight tonight.

The original time limit was February 15, but an extension was granted at the request of the North Druid Hills civic club committee.

VALUE OF NUTRITION TO TEETH STRESSED

Dentine Can Be Recalcified By Proper Food, Dr. Davis Tells Clinic Here.

Dental cavities can be stopped within three months, according to Dr. Sherman Davis, of Indianapolis, who addressed the 18th annual meeting of the Mid-Winter Clinic, which opened Thursday at the Biltmore hotel, under the auspices of the Fifth District Dental Society.

"It is possible through proper nutrition to recalcify dentine and make it and the enamel of the teeth very indestructible in perfect condition," he continued. "In clinics we have demonstrated that children who had been developing two cavities a month had these arrested and completely dried up within five weeks. To accomplish this, four factors are involved, all of which must be present. First, a sufficient amount of the juices of raw fruit to maintain normality of home forming cells in the teeth. Ordinarily the equivalent of one orange a day will suffice. Second, the intake of a sufficient daily amount of calcium and phosphorus, found in certain foods. Third, an adequate amount of vitamin D, which is so abundant in cod liver oil. And last, the normal functioning of the parathyroid glands. Assuming the latter, the three first named factors could be obtained from natural foods, but we find it desirable to supplement these medicinally. Some day, I believe, we will be able nutritionally to prevent pyorrhea, which today is the cause of much heart involvement and a tremendous economic loss. It is a manifestation of dietary deficiency."

Dr. M. H. Garvin, of Winnipeg, president of Canadian Dental Society, who spoke on "periodontoclasia," stated that with proper care of the teeth, pyorrhea could be prevented. He recommended regular contact with a dentist on the theory that it is better to prevent damage than to repair it, declaring that such a regime would enable one to keep one's teeth indefinitely in perfect condition.

Dr. Garvin paid tribute to the dental clinics held in Atlanta's public schools, pronouncing them the finest work of the dentists of the country as the outstanding one of its kind, being cited time and again by prominent members of the dental profession throughout the United States and Canada.

The meeting opened Thursday morning with an invocation by the Rev. Russell K. Smith, rector of the Church of the Epiphany. Dr. Thomas P. Hinman served as clinic master. Other speakers Thursday were Dr. Theodore Mayes, of Cleveland, whose subject was "Inlay Work;" Dr. F. F. Mott, of Chicago, who discussed "X-ray and Minor Oral Surgery;" and Dr. D. D. Campbell, of Kansas City, Mo., who presented a paper on "Denture Construction."

The clinic will continue through today with luncheons at the Biltmore for the Georgia Alumni chapter, Xi Psi Phi fraternity and the Psi Omega fraternity.

Two Emphatic Statements

**Reports have been circulated to leave the im-
pression that I seek the office of County Com-
missioner to secure contracts and dodge taxes.**

**FIRST: If elected County Commis-
sioner, I will not allow the Mc-
Dougald Construction Company
(in which I am interested) to bid
on or do any work for Fulton
County.**

**SECOND: My taxes, and my sisters'
taxes, are assessed by the regu-
lar Tax Assessor, and instead of
my being a tax dodger, I am the
second or third largest individ-
ual taxpayer in the County.**

**For the year 1929, my assessment is \$1,491,-
000.00. My sister, Mrs. Josephine Inman Rich-
ardson's assessment is \$1,522,000.00. My sister,
Mrs. Annie Inman Grant's assessment is \$443,-
000.00. Therefore, my family is paying on \$3,-
456,000.00 assessments, and naturally, I am vi-
tally interested in the County's affairs.**

**I am not seeking to pay less taxes, but I am
profoundly interested in seeing the County
Taxes spent economically for the upbuilding of
the whole County.**

**Born in Atlanta, forty-seven years ago, and

HIGH COURT UPHOLDS 3 DEATH SENTENCES

**Slayers Must Pay With Life,
Decision, De-
clares.**

Death sentence imposed on three
convicted slayers were affirmed by the
supreme court decision handed down
Thursday and a life sentence
imposed on a fourth man by a lower
court was upheld by the higher court.
The men sentenced to death are
George Fickling, Chatham county;
Wash Brown, Monroe county, and
Ed Hartley, Richmond county. The
life sentence was imposed on Lucius
Rawls, of Wilcox county.

George Fickling, through his attor-
ney, brought habeas corpus proceed-
ings in Chatham county based on the
ground that Judge Peter Melidrim did
not have the right to resentence
Fickling during the period of a re-
prieve granted by the governor. The
lower court denied this plea and its de-
cision was upheld by the supreme
court. Fickling again will be resen-
tenced to execution. Fickling was con-
victed of killing his wife.

The death sentence was given Wash
Brown following his conviction in
Monroe county on a charge of killing
Jesse McCowen, his father-in-law. A
new trial was sought on the ground
that Judge Oden Persons erred in re-
fusing to give certain charges to the
jury sought by the defense. The su-
preme court upheld Judge Persons'
ruling.

Ed Hartley was sentenced to execu-
tion after his conviction of killing
Pete Sullivan in a fight that occurred
on the streets of Augusta. Hartley
entered a plea of self-defense which
was not sustained by the supreme
court.

Lucius Rawls was convicted in Wil-
cox county on a charge of killing Tom
Blunt and was given a life sentence
which was upheld Thursday by the
supreme court.

**NINTH WARD CIVIC
BODY CALLS OFF
MEETING TONIGHT**

An announced meeting of the Ninth
Ward Civic association have been
held at Bass Junior High school to-
night, has been called off, it was
announced Thursday by Leonard
Crawford, president of the associa-
tion.

This meeting, Mr. Crawford said,
was originally scheduled for last
Tuesday but was postponed because
of weather conditions. Continued wet
weather and the difficulty of secur-
ing a school auditorium because of
construction work, decided the asso-
ciation to call off the special meet-
ing. The next meeting will be the
regular business session scheduled for
the second Tuesday in April, Mr.
Crawford stated.

**HEARING ON GAS
PETITION IS SET
FOR NEXT FRIDAY**

The special council committee ap-
pointed to study the proposal of the
Southern Natural Gas corporation will
begin hearings on the application
for a franchise at 3 o'clock Fri-
day afternoon, March 22, it was an-
nounced Thursday by Councilman
Howard C. McCutcheon, chairman.
Judge R. C. Allen, of Tulsa, general
counsel for the gas corporation, will
present information desired by the
councilman committee, and Reuben
R. Arnold, local attorney, will discuss
the state or local law angles of the
matter.

Mayor Ragsdale Thursday received
a copy of resolutions adopted by the
mayor and city council of Jonesboro,
urging Atlanta to consider favorably
request for a franchise to operate
here.

JOHN AMORY IS DEAD

**Noted Actor Related to Wal-
ter Taylor.**

News of the death in Philadelphia
of John Anderson, widely known
Shakespearean actor whose stage
name was John Amory and who was
the cousin of Walter C. Taylor, city
clerk, was received in Atlanta Thurs-
day.

He died at a Philadelphia hospital.
He was 70 years old and was one of
the best known dramatic actors in
the profession.

During his long career he was af-
filiated with many widely known
players and producers. He also at
one time was a member of a stock
company at Portland and Seattle,
Wash.

He was born at Charleston, S. C.
His father and uncle were at one
time members of one of New York's
largest mercantile houses.

Anderson assumed the name
"Amory" when he went on the stage
because of the objection of his father
to his chosen profession. The name
was his mother's maiden name.

**LAGRANGE CITIZEN
ORDERED TO PAY
COLLEGE DONATION**

A. H. Carey, of LaGrange, must
pay to the LaGrange Female college
a subscription of \$2,200 he made to
that college, according to a decision
handed down Thursday by the su-
preme court.

Attorneys for Carey contended that
he had paid \$500 on the subscription
and that the whole subscription was
made under a stipulation that the
North Georgia Methodist conference
would match a \$250.00 fund raised
by the citizens of LaGrange. He con-
tended that the conference had not
matched this fund and that his sub-
scription, therefore, was not legally
binding. The trial court upheld this
contention and denied a demurrer en-
tered by the college to the effect that
no time limit was set for payment of
the fund by the Methodist conference.

The supreme court reversed the de-
cision of the lower court and ruled
that Carey is bound for the total
amount of his subscription.

GRAHAM LEAVES CITY

**Goodrich Leader Will Return
Here Soon.**

T. G. Graham, vice president of the
B. F. Goodrich company, tire manu-
facturers, of Akron, Ohio, left At-
lanta Thursday for his home with the
intention of returning here within a
few weeks to complete preliminary
arrangements for erection of a huge
plant by the tire company here.

The local plant will cost approxi-
mately \$1,500,000, and will give the
company an investment in Georgia
of \$7,500,000, including the big tex-
tile plant at Thomaston, Ga.

On his visit to Atlanta, Mr. Gra-
ham was entertained at the Capital
City club by John E. Otley, presi-
dent of the Fourth National bank.

HIGH SCHOOL GIRLS READY TO PRESENT "THE MAGIC WHEEL"

"The Magic Wheel," an operetta of
the fanciful life of fairyland, will be

**Mahoney, Gallogly
Charge Are Dropped
By Judge Hutcheson**

Solicitor General Claude C. Smith,
of DeKalb county, reporting that he
did not have evidence necessary for
conviction, Superior Judge John B.
Hutcheson, of the Stone Mountain cir-
cuit, Thursday not pressed indictments
charging robbery to Jack Mahoney and
Dick Gallogly.

Mahoney and Gallogly were accused
of complicity with George Harsh in
the robberies of a drug store and bar-
becue stand near Emory university
last October. The indictments against
Harsh stand.

Mahoney was a witness against Gal-
logly in the latter's recent trial for
complicity in the murder of Willard
Smith, drug store clerk, during a hold-
up. The case resulted in a mistrial
when the jury failed to agree.

Harsh, wealthy college classmate of
the two, is under death sentence for
the same murder.

FIGHT IN COUNCIL OVER AGE LIMITS OF OFFICERS SEEN

Renewal of the fight in council over
the age limit for police force appli-
cants appeared imminent Thursday
following the action of the police com-
mittee in drawing up an adverse re-
port on the measure by Alderman Ben
Huiet and Councilman Tom Morris
and Ellis Barrett seeking to fix the
age limit at from 23 to 35 years.
Huiet said that he plans to fight for
passage of the 23-35-year measure, as
against the 21 to 30-year measure
adopted recently by council.

EXPANSION NEEDS**

Serving nearly 4,000 persons in its
various departments, the Carnegie
Library had its busiest day on record
on Saturday, February 23, it was re-
vealed Thursday by Miss Tommie
Dora Barker, librarian, who recently
completed the monthly report for the
institution.

The figures show that on that
day 2,824 books were loaned, 2-
306 of these going to adults and 518
to children. In addition, 317 per-
sons sought information in the re-
ference department, while 400 read-
ers used the periodical reading room.

In commenting on this record Miss
Barker emphasized the fact that each
year sees the demands upon the li-
braries growing out of all proportion
to the improvement in facilities. She
stated that it is with difficulty that
the present staff is able to care for
the patrons in the crowded quarters.

The records for the entire month
on February show that 81,231 books
were loaned, of which 50,422 were to
adults and 30,789 to children; 3,961
persons were served in the reference

All proven Goodrich Quality—all water-cured—and more—all reinforced with cords of Southern cotton carefully selected and woven to strict Goodrich standards in Goodrich's own mill at Thomaston, Georgia.

Goodrich spreads South to meet the growing demand for Silvertowns, bringing work for hundreds, spending thousands, assuring motorists of the Southeast a nearer and more ready supply of Goodrich quality and a still more certain assurance of Goodrich permanence.

Another great achievement for Goodrich and the Southeast, for Goodrich builds wider again and the Southeast takes a bigger place in the rubber industry.

A picture of the new Goodrich Atlanta plant to be erected at Hemphill avenue and 14th street. This picture was made from a drawing by L. W. Robert & Co., Architects.

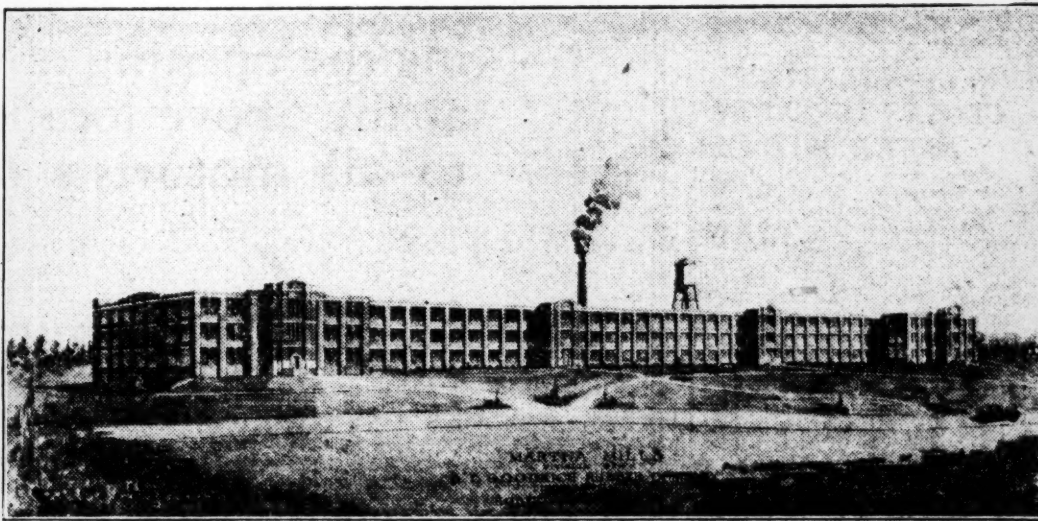

Covering 17 acres, the first unit of this new factory will cost \$1,500,000. The plant will be two stories high, of reinforced concrete and brick, thoroughly fireproof throughout. More than 1,000 people will be required to operate the plant, whose payroll will approximate \$1,500,000 a year. 5,000 tires daily will be the initial production schedule.

59 Years of Successful Business History Back of This Plant

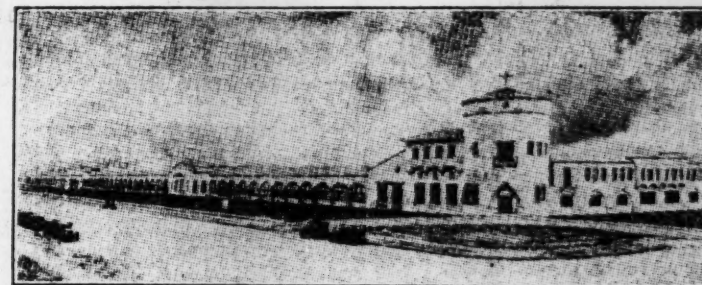

Back of Goodrich a seasoned institution founded in 1870—tried in the emergencies of the past—equal to the demands of the future. Huge factory facilities producing more than 30,000 rubber products. Tires, footwear, mechanical goods, druggists' sundries. Engineering staffs skilled in the manufacture and uses of rubber—ample capital and experience for the development of the highest-quality products.

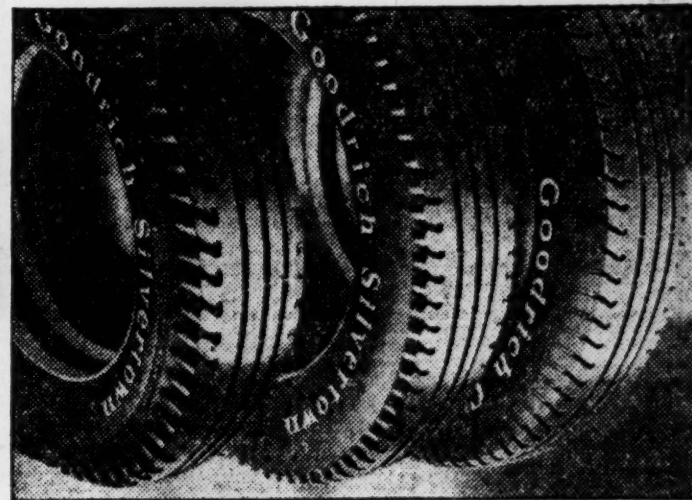

Akron factory—pioneer of the rubber industry—60 buildings covering 63 acres in the heart of Akron—over 15,000 employees are working here during 24 hours a day. All buildings are connected by a network of underground passages over 3½ miles in length.

So rigid are Goodrich specifications for cord and fabric used in Goodrich tires and other products that The Martha Mills at Thomaston, Georgia, were purchased to produce a portion of these requirements. Thus Goodrich has again increased its investments in the Southeast. The Martha Mills will consume 25 million pounds of cotton annually. The building covers an area 135 feet by 1,100 feet and operates 80,000 spindles.

The plant of the Pacific Goodrich Company at Los Angeles, serving motorists of the west coast region will have its counterpart in the Goodrich Atlanta plant.

Three Goodrich Tires to meet your mileage requirements. Silvertown DeLuxe, for the motorist who demands superlative style and outstanding mileage service. LINDY PILOTS PLANE TO BROWNSVILLE, TEX.

Brings Mail and Passengers
From Mexico
City.

Brownsville, Texas, March 14.—(AP)—Colonel Charles A. Lindbergh returned to the United States today from his visit in Mexico City with his fiancée, Miss Anne Morrow, thus apparently ending any prospect of an immediate marriage.

Piloting the regular air mail plane over the international route he formally opened last Saturday. Lindbergh reached here at 2:35 p. m. after taking off from Mexico City at 9:30 a. m. on Thursday. An eight-minute stop was made at Tampico.

The noted flier found his personal plane awaiting him here and it was understood he planned to make an air trip eastward to New York. He made no announcement as to when he would leave Brownsville.

Four Mexican military aviators were among the group of passengers aboard the big air mail plane. They came to the border to accept delivery of four new planes purchased by the Mexican government from a Tro-

ZERO HOUR COMES FOR MAKING TAX RETURNS TO U. S.

The zero hour having arrived for making federal income tax returns, it was announced Thursday that the office of the internal revenue department would remain open until 6 o'clock tonight as a convenience to those who may have put off this operation until the last day.

A visit to the second floor of the postoffice building Thursday afternoon, where the office is located, revealed a steady stream of taxpayers being assisted in making out their returns by the force of deputies and this same force will be on hand today until 6 o'clock.

While no official information is available, it is understood that returns so far this year compare very favorably with those of past years. "Get your returns in on time" is the plea of J. T. Rose, collector of internal revenue for Georgia.

Ohio, factory for use in fighting the rebels. The craft will be flown to Mexico City probably tomorrow. It was understood that Colonel Lindbergh returned to this country to dispose of various matters awaiting his attention in connection with his work for various commercial air lines. He was silent about plans for his coming marriage to Miss Morrow, daughter of the American ambassador to Mexico.

APPORTIONMENT VOTE AT EXTRA SESSION

Discuss Whether House or
Senate Shall Act First
on Measure.

Washington, March 14.—(AP)—Congressional leaders are agreed that the bill for reapportionment of the house shall be taken up at the forthcoming extra session, but there is some dispute as to whether the house or senate shall consider it first.

House leaders are expecting the senate to act on the bill which was sent to it last session by the house before it is again considered in their chamber. There is some disposition among senate leaders, however, to await first action by the house on a bill regulating its own membership.

But this would upset the program for the session. House leaders are determined not to organize any more committees than necessary to enact the legislation of farm relief and tariff revision specified by the President Hoover for the extra session. House-men want the senate to take up reapportionment and send it to the house, which could then act under a suspension of the rules without reference of the measure to committee. Senator Vandenberg, republican of Michigan, one of the sponsors of reapportionment bill, withdrew it from the senate calendar in the closing days of the last session rather than force a legislative jam blocking all bills, but he had the promise of leaders that it would come up in the extra session.

BORQUEZ RELEASE IS INVESTIGATED BY U. S. OFFICIALS

Washington, March 14.—(AP)—Secretary Kellogg announced today that an investigation has been started to determine the circumstances surrounding the release of the Mexican rebel General Borquez, by immigration authorities at Nogales, Ariz., on Tuesday night.

Borquez was interned by the American immigration authorities when he crossed the border at Nogales. He had led an attack against federal troops at Naco but suddenly crossed over into American territory. Subsequently he was released and permitted to return to his own country. There was no announcement as to the circumstances which caused American officials to allow his return.

The American government is endeavoring to carry out the spirit of the as yet unratified Pan-American treaty, which stipulates that rebels against any constituted government of the western hemisphere should be detained whenever they pass to the soil of another government.

DRY CASE HEARING REVEALS MERITS OF CHINESE "WEED"

The latest racket for the alleviation of the horrors of present day intoxicants was revealed in a preliminary hearing before United States Commissioner Griffith Thursday of Sophie Wood, charged with possessing whisky, when she testified that she paid a Chinaman the sum of five cents for a Chinese "weed," the burning of which had been guaranteed to remove all unpleasant odors of "Georgia cawn."

Officers testified that they had discovered a small quantity of the forbidden beverage in the home of the defendant and a number of glasses which indicated that if they had been a little later their search would have been fruitless. The "weed," incidentally, was said to have been burning at the time.

The defendant admitted the ownership of the whisky and was placed under bond of \$100.

nounced its affairs were in the hands of the controller of the currency. The institution experienced a run yesterday, officials said, following the closing of the Holt chain bank here. It was added that hopes were held that it would be reopened soon.

It was the second oldest bank in Washington county and listed deposits at \$300,000.

ALLEGED BOOTLEG KING OF GEORGIA GIVEN TWO YEARS

John Henry Hardin, once known as "The Bootleg King of North Georgia," was convicted Thursday in United States court, Judge Sibley presiding, on a charge of illicit distilling and was given a two-year sentence and fined \$2,000. Imposition of the sentence was deferred for 30 days on posting \$4,000 bond. A new trial will be requested.

Will Fields and Margaret Lewis were found guilty on a charge of possessing whisky and fined \$25 each. Eleanor Phillips drew a two-month jail sentence on a similar charge.

\$40,000 DAMAGES ASKED AS RESULT OF TROLLEY CRASH

Suits totaling \$40,000 were filed Thursday in city court against the Georgia Power Company by Mr. and Mrs. J. T. Cooper as the result of injuries alleged to have been received

by Mrs. Cooper on a street car on March 2. Mrs. Cooper claims that a trailer on which she was riding jumped the tracks and hit a telephone pole, the impact hurling her from the seat and causing injuries from which she developed pneumonia. Mrs. Cooper asks for \$25,000 damages for injuries, and her husband for \$15,000 for loss of services of his wife. The petitions were filed by T. L. Slappey as attorney.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist.

Catarrh Is Most Common Cause of Bad Colds

Find a man, woman or child who is afflicted with chronic catarrh of the nose and its connecting air passages and you will always find a patient who is most susceptible to more serious diseases. Why? Science explains that catarrh interferes with natural breathing, thus preventing proper oxygenation and purification of the blood by the lungs and also absolutely prevents restful, refreshing sleep. Catarrh is a constant drain upon the nutrition of the body, making the patient weak and thereby susceptible to all germ infections such as colds, flu, pneumonia, etc.

Your physician will tell you that catarrh is a local condition, not a systemic disease. You must fight it constantly with a local remedy that reaches the spot. Of the many reme-

lies that have been tested for the relief of catarrh, none has given such uniformly successful results to the physician or attained such popular favor as the prescription of Dr. Runion's White Wonder Salve. Applied in the nostrils, morning and night, "White Wonder" gives quick and most delightful relief. Clean, greaseless and absolutely stainless, White Wonder is a perfect example of the finest pharmaceutical art—joy and comfort to everyone who suffers with nasal catarrh.

bers of the two families in which the fatalities were suffered all expressed desires for a joint funeral service.

Roy Garrett, of the United States navy, and last heard from in New York, is the only member of the Nelse Garrett family living today. Only two members of the Tillman Garrett family survive without injuries, the father and his 15-year-old son, Milford, though Virginia, 5, and Mary, 3, were living today with painful injuries bearing testimony to the fact that they were in their home when it collapsed last night.

Little Lucia Garrett was picked up from the debris of the Tillman Garrett home and carried through the air about 100 yards, striking against the Six Mile grammar school. She was found a short time later still alive but died shortly after being taken to the Six Mile Academy hospital.

The need of a sack of flour was attributed to having saved the lives of Tillman Garrett and his son. They had gone to a store and were returning with the sack when the storm struck their home and completely destroyed it and killed four members of the family.

Total property loss had not been estimated today, but will run into many thousands of dollars.

WILSON, SOUGHT IN WALSH MURDER, REPORTED IN MIAMI

Miami, Fla., March 14.—(P)—Two reports today, one from the Miami Herald and one from the Miami News, stated that Eddie Wilson, sought under a warrant charging him with the murder of Thomas "Fatty" Walsh, today arrived in Miami, Fla., on a boat from the coast of Cuba.

One of the reports, coming from what officials believed to be responsible sources, was to the effect that Wilson is in Miami, making no attempt to conceal himself. The report further indicated that Wilson has been seen a number of times here in a big automobile bearing a New York license.

The other report, which was also receiving attention from investigators, was that Wilson was in the neighborhood of Oklahoma City. Officials there have been asked by local authorities to assist in the search.

TAFT FARM RELIEF BIT MEANT GIFT OF SUIT TO FARMER

Washington, March 14.—(United News)—There is a farmer out in North Dakota wearing a suit of clothes which once encompassed the rotund form of Chief Justice Taft. Representative Sinclair, republican, North Dakota, revealed today.

The farmer read of Mr. Taft's dieting and thought he might be willing to part with a suit now that he is getting slim around the waistline.

Representative Sinclair appealed to the chief justice in behalf of the needy farmer. Mr. Taft was willing to do his bit toward farm relief but he was puzzled as to the type of suit to send. In the chief justice's wardrobe are many morning suits and apparel for evening wear, but he was certain none of these would do.

Mrs. Taft decided the issue and a business suit was sent. The farmer is wearing the suit and glad that he and Mr. Taft were about the same size before the latter started dieting. Representative Sinclair said.

CURTIS TO CRUISE BUT NOT FISH ON FLA. VACATION

Miami, Fla., March 14.—(P)—Halted on previous days by capricious weather, Vice President Charles Curtis plans to spend today cruising in belated sunshine which warmed the ocean during the morning. He will be the guest of Carl G. Fisher, Miami Beach developer, on board the yacht, Shadow K.

The vice president will make no attempt to fish, unlike President Hoover, who spent many days trolling in the gulf stream during his visit here. His trip, it was said, at the D. Lasker home, Miami Beach, where Mr. Curtis is a guest, will be purely for the pleasure of sunshine and salt air.

Coccoloba Cay, tiny resort for the most exclusive, is the destination of the party. Coccoloba is a small island a short distance south of Miami. Only a few intimate friends will be aboard the yacht, which is expected to return late this afternoon.

PROH AGENTS DOUBT LEGGERS ARE SCARED

Discount Reports That Liquor Dealers Are Quitting Business.

Washington, March 14.—(P)—Many reports have reached the ears of prohibition enforcement officials that bootleggers were scurrying to cover since the enactment of the Jones bill to increase penalties for dry law violations, but there is no official confirmation of such stories at the treasury department.

Seymour Lowman, assistant secretary of the treasury, in charge of prohibition, and Dr. James M. Doran, commissioner of prohibition, said that in cases brought under the Jones law had reached a determination and it was impossible to judge the effect of the legislation at this early date. Lowman believes that most of the reports reaching the department concerning bootleggers quitting business were untrue.

Report 'Leggers Scared.'

Since the day the Jones law was signed by President Coolidge, reports have come from various sections of the country that bootleggers were abandoning their illicit trade. Invariably these stories have said that the big operators among the violators were taking this action rather than face a penalty of five years in prison and a maximum fine of \$10,000. The penalty, however, may be set by the judge hearing a case and may be no more than under the present law if the court so rules.

Coincident with the report that bootleggers were becoming frightened, it was related that the price of liquor was being doubled or tripled because of the added risks involved. These types of reports caused officials to smile, and they expressed the belief that the bootleggers were using a pretext to obtain from their customers a great deal more than the poor quality of liquor sold was worth.

After 'Big' Supply Men.

Especially did this apply to the bootlegger who sold liquor by the drink, or pint or quart, for it long has been the policy of the prohibition bureau to devote its attention to the large operators among the violators and to strike at the source of supply rather than to pile up innumerable cases against small peddlers who are only distributing agents for the big law violators.

Lowman said that while there had been a few arrests under the Jones law throughout the country, no gauge as to its effectiveness could be set until some of the cases had been tried. He pointed out that under the law it was necessary for a federal grand jury to return indictments against persons charged with prohibition law violations and to give them a trial in the federal courts, already 21,000 cases behind on prohibition.

Commissioner Doran agreed with Lowman, saying it was too early to predict what effect the Jones law would have on the situation, but in the meantime, it was pointed out, if the patrons of the bootlegger believed the barrowing tales of risk detailed by liquor vendors they would contribute thousands of unearned dollars to the income of the law violators.

M. K. & T. GRANTS WAGE INCREASE TO 2,200 SHOPMEN

St. Louis, Mo., March 14.—(P)—The Missouri, Kansas & Texas railroad today announced it had granted a wage increase to shopmen, involving about 2,200 employees, effective March 1.

W. E. Williams, manager of personnel, who made the announcement, declined to reveal the amount of the increase, but said it was "a satisfactory settlement in line with settlements made recently by other railroads in our immediate territory." The increase affects locomotive and car mechanics, their helpers and apprentices in shops and round houses throughout the territory served by the Katy, including Missouri, Kansas, Oklahoma and Texas.

Williams said the increase schedule was in line with those granted by the Frisco, Texas & Pacific, Union Pacific and Santa Fe lines.

Effective March 1 the Frisco has granted its 4,000 shopmen a voluntary wage increase of approximately 5 per cent.

MARIETTA CITIZEN HELPS BLIND GIRL'S EDUCATION FUND

"Not as an act of charity, but as an investment," a check for \$5, to be applied for the education of Hazel Hughes, blind daughter of an Atlanta patrolman who was recently killed in the discharge of his duty, was received by The Constitution on Thursday from M. R. Lyon, of Marietta.

Miss Hughes, a brilliant student at Fulton High school, had expected to attend a famous college for the blind at Baltimore, in order to equip herself as a teacher of the blind, and thus become self-supporting despite her great handicap. The death of her father made this plan doubtful of fulfillment, however, though various sympathetic friends have already sent in contributions to the splendid cause.

In addition to Hazel, the bereaved family consists of the mother and two younger children and the problem of education and living that has to be met out of the small insurance left by the father renders the blind girl's problem extremely difficult.

LOUISVILLE BLIND TREASURER'S CASE IS HELD OVER

Louisville, Ky., March 14.—(P)—Both Albert Nisbet, charged with embezzlement of \$20,000 from the Baptist Tabernacle here, and George J. Mayer, assistant commonwealth's attorney, who prepared the state's case, were ill today and the case was passed until Friday when called for trial.

J. L. Richardson, counsel for the blind church treasurer, brought a physician's certificate stating that Nisbet was suffering from a nervous breakdown and unable to appear in court at present.

A physician was appointed to examine Nisbet and report on the probable duration of his illness.

ANTI-SMITH DEMS. OF VIRGINIA WILL HOLD ASSEMBLY

Richmond, Va., March 14.—(P)—A call for a convention of anti-Smith democrats of Virginia to be held June 18 was issued here late today by the committee appointed at the Lynchburg conference of anti-Smith democrats to make arrangements for such an assembly. The place for the convention was left in the hands of a subcommittee.

Simple, Impressive Funeral Services Conducted at Home For Asa Griggs Candler, Sr.

Body of Outstanding Atlanta Citizen Removed to Vault for Burial, Date To Be Announced.

Late Thursday morning, as scores of Atlantans from every walk of life stood in silent reverence at the home of Asa Griggs Candler, Sr., funeral services were being conducted in the simplicity of the late capitalist, philanthropist and Christian gentleman.

The simple ritual of the Methodist church, of which Mr. Candler was for many years a member, was read by Dr. Franklin N. Parker, dean of the Emory theological school, after which Dr. A. J. Lamar, an old friend of the family, offered a short prayer. Then, without further ceremony, the body was removed to a vault at Spring Hill chapel where it will be held until the burial, postponed because of inclement weather, takes place.

The simplicity of the occasion was preserved at Mr. Candler's wishes, made known to his family some years before his death. He requested that the funeral be held at his home at 11 o'clock on the second morning after his death and that the Methodist ritual be read by the dean of the Emory theological school.

The crowd, which virtually filled the flower-banked ground floor rooms of the big home and which overflowed to the lawn in front, was an interesting commentary on the man in whom it paid tribute. For the most part, leaders in various fields of endeavor, lawyers, doctors, judges, journalists, bankers and businessmen, men who had worked with Mr. Candler and knew him as a splendid businessman and a true friend. But here and there through the group, on the outer edges of the crowd, stood less conspicuous figures. Here an obscure businessman who had been helped by some honest act by the great financier. There a student from Emory whose education was made possible not only because the philanthropist built a great school but because of the time he gave to the individual. These and many others there to show by their presence that they remembered the man whom they had known as a person of sympathies as vast as his business acumen.

Then there were the local officials of the Coca-Cola company, the company which Mr. Candler started when he was an obscure drug clerk and with which he rose to riches and power, these men attending in a body, while their offices throughout the world stood with closed doors during that hour.

Flags at Half Mast.

Atlanta, the city of its adoption, officially showed its respect by flying the flags at the city hall and at Five Points at half-mast until after the services. The doors of the city hall, where Mr. Candler served two years as mayor, also were closed from 10:30 o'clock Thursday morning until 12:30 o'clock in the afternoon. And the men who are now serving the people as officials were there to pay their personal tribute to the man who served the people's demand and did not hesitate to use his money as well as his energy in giving the city a good government.

The following Atlanta leaders at the family's request served as an escort of honor at the services: Dr. Arch A. Vay, John C. Hallman, James B. Nevin, John S. Campbell, W. D. Thomson, Norman C. Miller, Dr. W. E. Elkin, Wilmer L. Moore, Fredrick J. Paxson, Mel R. Wilkinson, W. O. Foster, Captain J. S. Doolittle, J. Daniel, J. K. Orr, J. Carroll Payne, Samuel D. Jones and Charles A. Wickesham.

Death Came Quietly.

Death came quietly to the beloved citizen at Western Memorial hospital late Tuesday afternoon after an illness of nearly three years' duration. Coming swiftly, the attack which claimed his life at time only for his daughter, Mrs. Henry Heinz, to reach his bedside. Three sons, Charles Howard, Walter and William Candler, arrived a few minutes later. The fourth son, Asa Griggs Candler, Jr., was in Europe. He also is survived by his widow, Mrs. Mary Reagan Candler, and two distinguished brothers, Judge John S. Candler, a noted jurist now retired, and Bishop Warren A. Candler, of the Methodist church, south.

His rise to wealth from obscurity and virtual poverty is an epic of energy, wisdom and business acumen, coupled with rare integrity and sense of justice. His philanthropic inclinations as a glorious chapter for his various kinds of service many millions of dollars. He is known to have given \$7,000,000 went to Emory university, but just how much went in various ways to individuals and in smaller sums to the city of Atlanta, probably never will be accurately known because of Mr. Candler's constant desire to avoid ostentation and public notice.

So, after his death he lives on in the memory of many who have benefited by these manifold services to his fellow men.

DEPUTY SHERIFF, INJURED IN FALL, CONFINED TO HOME

LEASE OF CITY-OWNED TRACT RECOMMENDED

Gulf Refining Company Bid of \$48,000 for 20 Years Is Approved.

Lease of the city-owned tract at Central avenue and Hunter street to the Gulf Refining company for 20 years at a total of \$48,000 was recommended Thursday afternoon by the buildings and grounds committee of city council. The paper will go to council Monday for approval.

Lessee agree to pay all city and county taxes on the property during the life of the lease. The tract fronts 70 feet on Central avenue and 75 feet on Hunter street.

Detailed bill follows: First five years \$150 a month; second five years \$200 a month and the remaining ten years \$225 a month.

Councilman John A. White, a member of the committee, signed an advisory report on the proposal, claiming the figure was too low.

George Lyle, councilman from the eleventh ward, is chairman of the committee. Other routine matters were considered.

ATLANTIC LIFE OFFICIALS VISIT ATLANTA AGENCY

A. O. Swink, president of the Atlantic Life Insurance company, of Richmond, Va., and William H. Harrison, vice president and superintendent of agencies, will arrive in Atlanta today to visit the company's general agent of north Georgia, E. W. Dean. Mel T. Abel, assistant superintendent of agencies, arrived here Thursday to be present at the conference.

The Atlanta visit is a part of the officials' program of the season, calling on all general agencies in the south. The party of executives started its tour from Richmond several weeks ago, coming down the Atlantic seaboard to Miami, then to the west coast of Florida into Alabama and Georgia. When he arrived in Atlanta Thursday Mr. Abel stated that the insurance executives were finding "conditions favorable for the biggest year in the company's history, based on business of the first two months of this year, which exceeded that for any other January and February."

TRIAL OF MORRIS FOR EMBEZZLEMENT SET FOR SATURDAY

Louisville, Ky., March 14.—(AP)—Trial of H. E. Morris, 49, charged with embezzling \$1,493 from the Baptist Book Concern here, has been set for Saturday. At a preliminary hearing yesterday Morris, through his attorneys, entered a plea of not guilty.

Morris was arrested several days ago in Cincinnati. At Cincinnati police found he was living with a woman who claimed to have married Morris here in 1923. She had a young baby. Morris also has a wife, the mother of five children, living here. He is in jail in default of a \$5,000 bond.

MRS. DAVID G. PEEL ILL

Family Concerned as to Her Condition.

Mrs. David G. Peel, 75, widely known Atlantian, was reported seriously ill Thursday at a local hospital. She is the mother of Mrs. Jacques Futelle, of New York, and Captain John Peel, of the Atlanta fire department. She was stricken several days ago with toxic poisoning and members of the family have become concerned over her condition.

AUTO TAG PLANT AT PRISON FARM TALKED AT CAPITOL

Plans under which the state of Georgia will build a plant at Milledgeville to be used in manufacturing metal automobile license tags were discussed Thursday at a conference held by Governor L. G. Hardman, George H. Carswell, secretary of state, and Judge E. L. Rainey, chairman of the state prison commission.

No definite action was taken, but the governor looked with favor upon the proposal. It was learned. The plan would save the state large sums of money now paid to factories in the north for the license tags sold by the secretary of state's office.

It developed at the conference that enough would be saved in two years to pay for the expense of installing the proper machinery and that after this two-year period the cost of the license tags would be very little.

Use of prison labor would not conflict with labor in Georgia, as tags are not manufactured in this state, it is expected that detailed plans for the innovation will be discussed at a second conference to be held soon by the three state officials.

ATLANTA NEGROES GIVE OVER \$50,000 IN COLLEGE DRIVE

Atlanta negroes have pledged more than \$50,000 to the endowment campaign of Morehouse college. It was announced Thursday. This campaign among Atlanta colored people is a part of the effort to raise \$300,000 in three years to match a conditional offer of a like amount from the general education board of New York.

The Atlanta campaign committee is composed of more than 50 men headed by C. W. Greene and divided into three groups. The Orioles, the Bluebirds and the Canaries, led by Dr. C. D. Hubert, A. Bowie and J. B. Blayton, respectively, ranking in the order named on the basis of money reported. The leaders in individual reports are P. M. Davis, A. C. Curtright, C. W. Greene and William Driskell.

The campaign committee will next call upon the white citizens of Atlanta for help and support to the campaign.

MERCY RECOMMENDED FOR 8 STATE CONVICTS

Prison Commission, However, Refuses 25 Appeals, Including Mob Convictions.

The state prison commission Thursday granted recommended clemency in eight cases recently brought before that body and denied clemency in 25 cases, including those of Dan and Bill Thigpen, convicted of mob violence in Coffee county and serving sentences of from 4 to 20 years, it was announced by E. L. Rainey, chairman.

The Thigpens were convicted after they had admitted their participation in the lynching of Dave Wright, in Coffee county, several years ago. Sixteen members of the mob either entered pleas of guilty or were convicted at trials which were held before Judge Harry D. Reed, of Waycross.

The conviction of the lynchers attracted nation-wide comment at the time. It was one of the few cases on record where lynchers were actually brought to trial and were convicted.

Two of the men involved in the case were sentenced to serve life terms. Commutation to present service and payment of \$75 in the case of Gus Powell, sent up from Jeff Davis county on conviction of having liquor, Powell was sentenced to serve 12 months and pay a fine of \$200.

Commutation to present service and payment of \$200 for Henry Dennis, convicted of manufacturing whisky in Hancock county and sentenced to one year.

Commutation to present service for Jim Holcomb, convicted of burglary in Newton county and sentenced to four years on each of two charges, and T. W. Harrell, of Cataocha county, sentenced to five years for burglary.

Probation for Andrew Houston, Stewart county; Lafayette Starnes, Telfair county; and Jodie Allen, Paulding county, all convicted of liquor violations, and Will Woods, Sumter county, serving two sentences for stealing, cheating and swindling.

Butler Imposition Injunction Hearing Set for March 23

PIED PIPER HERE TO SHOW KIDDIES FINEST OF SHOES

The mystic Pied Piper of Hamelin, Atlanta, who has been enravelling children of the city by his promises to appear, has arrived and will be at home at Muse's today to every little boy and girl of Atlanta. He also has a particular gift for each little child who comes to see him.

The Pied Piper has just arrived from Norzark island, which he explains, is on the other side of the looking glass where Alice found Wonderland, and in addition to the present, the Piper man will show the children all the different kinds of shoes made at his fairyland factory in Norzark island.

All children are invited to meet the Piper man at Muse's today in the show department. He will be presented by S. D. Tanner, well-known shoe man who recently took charge of the Muse department of shoes and who has brought the Pied Piper to Atlanta.

For Foot Comfort
and quick relief of hot, tired, aching, smarting feet, Allen's Foot-Ease is the antiseptic healing powder into your shoes. It takes the friction from the shoes and makes walking or dancing a delight.

Special Entertainment Program Arranged for Luncheon Today.

Tenth anniversary of the founding of the American Legion will be celebrated by the Atlanta post of the legion at a luncheon today at the Henry Grady hotel to which department commanders and Mayor J. N. Ragsdale have been invited. Mayor Ragsdale Thursday issued a proclamation proclaiming March 15 as celebration date for the founding of the legion.

A large birthday cake bearing the emblem of the legion and ten candles will be on the luncheon table and a special entertainment program has been arranged.

Among those who will attend are Past Commanders Basil Stockbridge, E. W. Moore, Eugene Oberdorfer, Rufus Barnett, Fonville McWhorter, H. F. Gamble, J. B. Conyers, William A. Siron, Frank B. Saunders, Frank Kempton, R. S. Ellington, Harry M. Wood and Evan P. Howell; and Past State Commanders Allen L. Henson and Homer Watkins.

COMMONS MEMBER CALLS LADY ASTOR 'POLITICAL GODIVA'

London, March 14.—Lady Astor was jeered at the labor members during a debate in the house of commons. J. H. Wilson, interrupted: "The noble lady is a political Godiva. She rides along the benches nude of political ideas."

J. A. FLUCKEY HEADS IMMIGRATION OFFICE

New District Director Comes to Atlanta From Cleveland Post.

J. A. Fluckey, for 17 years inspector in charge of the immigration office in Cleveland, Ohio, and who has a record of more than a quarter century of government service, has taken over the position of district director of immigration here to which he was recently promoted, succeeding M. A. Coykendall.

Mr. Coykendall, who had been in charge of the local office since its formation in 1923, was transferred to Port Huron, Mich., a subsidiary of the Detroit office.

J. A. FLUCKEY.

The Detroit office, and left Atlanta recently to assume his new duties. Mr. Fluckey took charge of the office here Thursday.

Mr. Fluckey's term of service with the federal government began in September, 1901, when he took a position with the pension department which he held for two years. He then spent one year with the commerce and labor department and in 1904 entered the immigration service at Toledo, where he remained for seven years.

Then he was made inspector in charge of office at Cleveland, a position which he held continuously until his latest promotion brought him to Atlanta as district director. The territory for which Atlanta is headquarters includes the states of Georgia, Alabama, Tennessee, North and South Carolina.

The present personnel of the Atlanta office includes Mr. Fluckey, J. H. McVay and Towner F. Jones, inspectors, and Miss E. C. Scott, stenographer.

BLACK HAND NOTE AROUSES POLICE OF NEW ORLEANS

New Orleans, March 14.—(P)—The dreaded "black hand" apparently has raised its head again in New Orleans, which a generation ago was its hotbed. The police have thrown all of its strength behind an effort to run down the authors of a letter received by E. Salerno, fruit and vegetable peddler, demanding \$2,000 on pain of death to him and members of his family, and the bombing of his home. The words, written in Italian, terrified the family, who debated all night to determine whether to place the money as directed at the base of the statue of Our Lady Star of the Sea or appeal to the police.

Investigation has convinced the police it is not a hoax and their inquiries have brought out accounts of demands within recent weeks from other New Orleans Italians, who paid rather than face the consequences.

TWO ARMY PLANES TO ASSIST EAKER ON PANAMA FLIGHT

San Antonio, Texas, March 14.—(P)—While Captain Ira C. Eaker was making final preparations today for his proposed dawn-to-dusk flight Saturday from Brownsville, Texas, to the Panama Canal Zone, two army planes took off from Kelly field to assist in servicing Captain Eaker's plane on the two stops he plans to make in Mexico.

Lieutenant Delmar H. Dunton headed for Tampico, accompanied by Sergeant L. H. Montes, while Lieutenant Bernard S. Thompson and Sergeant R. C. Jones were ordered to fly to Minatitlan, which has been designated as Captain Eaker's second fueling stop. The fliers were directed to enter Mexico by way of Brownsville.

Captain Eaker said he would fly to Brownsville tomorrow and start for the Canal Zone early Saturday, if weather conditions were favorable.

BELGIAN SENATE RATIFIES KELLOGG PACT TO END WAR

Washington, March 14.—(P)—Hopes of Secretary Kellogg that the treaty to renounce war which bears his names might go into effect before he leaves office, have received impetus with word that the Belgian senate had ratified the pact.

In addition, the Cuban embassy has deposited at the department Cuba's instrument of adherence to the treaty. With the signature of King Albert, Belgium's adherence will be complete, and only the adherence of Poland, France and Japan will then be necessary to put the pact into effect.

A feeling is current in Washington that all the remaining signatories will adhere in time for the treaty to become effective before Mr. Kellogg turns over his office to Henry L. Stimson.

JUNIOR CHAMBER LEADERS DISCUSS MEMBERSHIP DRIVE

Discussion of plans for continuation of the membership campaign which is being conducted under the leadership of Ed Robertson, featured the weekly luncheon meeting of the Atlanta Junior Chamber of Commerce. Duncan Peck presided.

Entertainment for the occasion was provided by the Janton sisters, featured at the Howard theater this week, the Lee sisters, on the current Capitol bill, and Earl La Vere, accordionist at the Howard.

MUTILATED MAN POINTS TO BIBLE WHEN QUESTIONED

Cincinnati, Ohio, March 14.—(P)—Robert Fletcher Scober, 56, who mutilated himself in a hotel room here last night, will recover, it was said today at the general hospital, where he was taken for treatment.

Police said that when asked the cause he invariably pointed to the Bible and that he appeared to have been suffering from delusions. He had worked intermittently for his brother's lumber company at Winchester, Ky., and is a cousin of Mayor David Scober, of Winchester.

THREAT OF REPRISALS HEARD BY TARIFF BODY

Washington, March 14.—(P)—Just to what extent the house ways and means committee will be influenced in drawing up the tariff revision bill by representations reaching it from foreign governments has generated a lively discussion in the tariff committee here, particularly since Great Britain has joined Spain and Cuba in forwarding information on that subject through the state department.

More frequent references are being heard to the effect increased tariffs might have on American export trade, it is assumed that those drafting the measure will scrutinize closely whatever official or unofficial views of foreign nations are available. The most comprehensive exposition on the subject has been received from Cuba suggesting for lower levies by that country on many American manufactures and virtually all American farm products in return for similar treatment being accorded Cuban sugar imports here.

Data submitted by Great Britain concern its exports which would be affected by tariff increases, including wool, sponges and farm products. The Spanish representations, while not protesting against proposed increases, give that government's stand as derived from a study of how such changes might affect Spanish-American trade.

Whether other governments intend to communicate their interests in the new tariff law remains to be seen. Regardless of that, it is looked on as certain that much congressional debate will hinge on the outlook for American exports to countries whose exports here might be diminished by increased duties.

Senator Thomas, democrat, Oklahoma, has taken steps to gather information pertinent to that phase. He has received from all embassies and legations the names of foreign representatives with whom he can confer, and said he sought the contacts because he feared a general upward revision might have a "dangerous" effect on American export trade.

"Not only may our trade be unfavorably affected by excessive advances in the tariff," he said, "but bankers in this country who have large investments abroad may find their interests seriously menaced."

INDIANS HELP IN HUNT FOR BOY LOST IN BLIZZARD

Gordon, Neb., March 14.—(P)—Two hundred Indians with their bows and arrows, tonight had joined the organized search for Willie Reeves, six-year-old ranch boy, who disappeared Tuesday morning in a snowstorm. The Indians were recruited from the Pine Ridge reservation and surrounding country. They traveled in wagon and on horseback and are expected to lend invaluable aid.

The boy left the ranch, eight miles north of here, to look for a pair of lost mittens and never returned. Three theories confront the searching parties. One is that he perished in the blizzard; another is he may have been given shelter by Indians and has been unable to communicate with his parents because of the storm. The third theory connects a rancher described as "queer." Officers, working on the latter theory, plan a search of this "queer" man's ranch where they are able to reach it.

Ten automobiles, carrying about 50 persons, battled blizzards and drifts today in an effort to reach the Reeves' ranch. One party of searchers was reported marooned on an isolated ranch five miles north of the Reeves ranch.

CURTIS DEVOTES DAY TO FISHING ON FLORIDA COAST

Miami Beach, Fla., March 14.—(P)—Search for funny adventure occupied a part of today for Vice President Curtis who is spending several days here as the guest of Mr. and Mrs. A. D. Lasker.

The vice president was the guest today of Carl G. Fisher on the latter's express cruiser, the E. K. from which a party composed of Mr. Curtis, Mr. Fisher, Harvey S. Firestone, rubber manufacturer; Mr. Lasker, former chairman of the United States shipping board; John Goldsboro, theatrical producer, and Edward C. Romfh, Miami banker, fished for some time. No report was given out as to the day's catch.

During the noon hour, the party was entertained at Cocolobo Bay Yacht Club, millionaire's retreat south of here in the Florida keys.

Mr. Curtis will be the guest of honor tomorrow at two receptions. One of them will be accorded him by fellow Kansans who are either permanent or winter residents of the Miami area.

The other social function will be a reception tendered the vice president tomorrow night by a committee of 100 exclusive civic organization of Miami Beach.

He expects to leave Miami for Washington Saturday.

UNCONSCIOUS GIRL AT LYNCHBURG, VA., DEVELOPS MEASLES

Lynchburg, Va., March 14.—(P)—Little change was reported by physicians today in the condition of Marjorie Dowdy, of this city, who has been in coma since February 8 as the result of injuries received in an automobile accident.

In addition to suffering a severe lesion of the midbrain in the accident, the 10-year-old schoolgirl has developed measles and congestion of the right lung since she has been in the hospital, physicians say.

EXCESS INCOME TAX REFUND GOES TO AMERICAN CAN

Philadelphia, March 14.—(P)—The United States circuit court of appeals today affirmed the New Jersey federal district court action in striking the internal revenue bureau to return excess income taxes of \$3,975,061 collected on the 1917 incomes of the American Can company and two of its subsidiaries, the Detroit Can and the Missouri Can companies.

FLOYD ALLEN SPEAKS TO G. M. C. LEADERS

Lack of Uniform Good Roads System Deplored by Speaker.

Pointing out that while the General Motors Corporation was associated almost entirely in the public mind with automobiles, this commodity actually represents only half of the company's holdings, Floyd A. Allen, of Detroit, assistant to the president of the corporation, Thursday night spoke to more than 375 representatives of the company in this section at a banquet given in his honor at the Biltmore hotel.

While manufacture of the Buick, Cadillac, Chevrolet, Oakland, Oldsmobile and Pontiac automobiles and GMC trucks and Fisher bodies are businesses for which the corporation is famous, such holdings as Delco lights system, Frigidaire and the GMC Acceptance Corporation, together with other industries not connected with automobile manufacture are responsible for 50 per cent of the company's profits each year, he said.

The automobile industry, together with the best interests of automobile owners themselves, are being held down by the present lack of a uniform good roads system, Mr. Allen said.

Prominent Atlantans present at the meeting in addition to the local GMC representatives, included Robert F. Maddox, Robert S. Strickland, Sherrod Kennedy, H. Lane Young and others.

Mr. Allen's mission was the presentation of a good-will message to the division managers of GMC units and employees from Alfred P. Sloan, president of the company.

BOND COMMISSION TO CONSIDER BIDS FOR SEWER WORK

The bond commission will consider awarding a street trunk sewer contract at a meeting at 11 o'clock this morning. Recommendation that the contract be awarded to C. A. Pittman Construction company on a low bid of \$211,980 has been made by the sewer committee. A number of school and viaduct matters also will claim attention of the bond commission.

FATHER OF SPATZ DIES AT AGE OF 63

Boyetown, Pa., March 14.—(P)—Charles B. Spatz, father of Major Carl Spatz, commander of the Question Mark when it died its world record endurance flight, died at his home here today. He was 63.

If Alertox Fails in High Blood Pressure Call a Doctor

High blood pressure is both functional and organic, often produced by overeating or mental strain, while constipation and biliousness are both underlying causes. In either case, Alertox, through a process of elimination, thoroughly cleanses the system of its impurities and tends to reduce pressure in the veins and arteries by carrying out through the intestinal tract excess water in the system which the sweat glands have failed to secrete.

After the first dose or two of Alertox you will decide improved in reduced blood pressure, also in your general health, because Alertox removes, in one action, more poison bile from the system than any other known remedy, leaving you buoyant, vivacious and alert. Alertox also alkalizes the system and thoroughly cleanses it of the poisons that cause auto-intoxication. Ask any one who has tried it. Your druggist has Alertox; if not, send direct upon receipt of price, 60c and \$1.00. Alertox, Inc., Atlanta, Ga.

Young Matrons' Circle Assembles At Pinebloom This Afternoon

Pinebloom, the palatial home of Mr. and Mrs. Preston S. Arkwright in Druid Hills, will be opened this afternoon to members of the Young Matrons' Circle for Tallulah Falls school, of which Mrs. Arkwright is honorary president, for the circle's spring meeting. Mrs. Eugene Harrington, president of the circle, who will preside, will introduce the newly appointed chairman, including: Membership, Mrs. Lawrence Willet; ways and means, Mrs. Bernard Neal; finance, Mrs. Rembert Marshall; scholarship, Mrs. William Akers; clothes, Mrs. Herbert Reynolds; equipment, Mrs. Ben Parker; gifts, Mrs. Charles T. Winship; publicity, Mrs. Willard Patterson; entertainment, Mrs. Virginia Warren; dental clinic, Mrs. George McCarty; garden, Mrs. Trammel Scott; scrapbook, Mrs. Grover Middlebrooks; books, Mrs. J. C. Harris, Jr.; hospitality, Mrs. Glenville Giddings, and decoration, Mrs. Thomas H. Daniel.

Plans will be discussed for the sponsoring of various projects by which the circle can assist in increasing the funds for the benefit of Tallulah Falls school where boys and girls of the north Georgia mountains can receive educational advantages. The membership of the circle is composed of a large number of prominent young Atlanta matrons who are vitally interested in the school that is so often referred to as the "Light in the Mountains." Following the business meeting Mrs. Arkwright will honor the members with a tea and she will be assisted by her daughter, Mrs. Glenville Giddings, an active member of the organization.

Mr. Davison's Address.

Another important meeting scheduled for this afternoon is that of the Pine Arts Club at 3 o'clock at the Piedmont Driving Club, at which time Edward Davison, noted English poet and critic, will address the members of this cultural organization on "The Younger English Poets." Mr. Davison comes to Atlanta from an extended lecture tour, which included well known colleges and clubs all over the country. An M. A. of St. Johns college, Cambridge, England, and the author of several books of verse, Mr. Davison is equipped to speak on the younger poets in England. During the last few years he has been editor of The Cambridge Review and associate professor of literature at Vassar college. He now edits a page in The Saturday Review of Literature.

Mrs. Foster Honored By American League.

Mrs. Annie Adair Foster, southern authority on auction and contract bridge, has been awarded a new honor by election to membership in the American Bridge League, with headquarters in Chicago. This lovely affair will inaugurate the whirl of social gaieties at which the school girl and boy contingent will assemble throughout the spring months.

Georgia State Teachers' College Gives Playlet.

Athens, Ga., March 14.—The Peace society, of Athens, gave a luncheon for Dr. Pittman B. Porter and Dr. Fred Rippey. The comparative government class of Georgia State Teachers' college were guests of Miss Hodgson and the Peace society at the luncheon. The members of the class are: Misses Alice Wallace, Decatur; Catherine Wall, Savannah; Susie Alsobrook, Woodland; and Josephine Kinman, Clayton. Members of the teachers' college faculty who were present were: Miss Frances R. Archer, Miss Ida Pound and Miss Roberta Hodgson.

The Blackfriars, of the University of Georgia, presented a comedy last Monday at Pound auditorium, entitled "The Best People," under the direction of Mrs. Roosevelt Walker, of Athens. Two former students of teachers' college, Misses Irma Frost, of Savannah, and Mildred Manning, of Fitzgerald, played in the cast.

Miss Sarah Drake, of Athens, sang at the Trine Avenue Baptist church Sunday, March 3. Miss Annie Laurie Whitehead sang a solo at the P. T. A. meeting of the training school. Both Misses Drake and Whitehead are pupils of Miss Wedge of the teachers' college faculty.

Friday night members of the Freshman oratory class presented a program consisting of stories, one-act plays and poems. The success of these students is due to the training given by Misses Carolyn Vance and McNita Bullock of the oratory department.

Chi Omega Plan Convention.

Plans for entertaining the gathering in Atlanta, April 6, of the Chi Omega fraternity, which will bring representatives from both active and alumnae chapters of six southern states, will be discussed Saturday afternoon at a meeting of the local alumnae at the home of Miss Ed Merritt, president, 300 Ponce de Leon avenue, apartment 5, at 3 o'clock.

Gaieties at Fort McPherson Prove of Interest to Society

Fort McPherson, Ga., March 14.—A beautiful entertainment of yesterday afternoon was the bridge-tee given by Mrs. Robert Joerg, Jr., at the Officers' club in honor of Mrs. Nelson Myll at the garrison. The table was covered with an exquisite cloth of canton linen and graced by a silver basket holding yellow tulips tied with a bow of maline in leaf green, while tall yellow tapers were placed at intervals. A silver punch bowl belonging to the Twenty-second infantry was placed at one end of the table filled with mint ice, while the coffee service was arranged at the opposite end and silver compotes containing green minis also carried out the color motif. Mrs. Abraham G. Lott, Mrs. Lochlin W. Caffey and Mrs. Will L. Pyles presided at the tea table. The clubroom, where tables were placed for bridge, were effectively decorated with palms and potted plants and jonquils in golden profusion were arranged in jade green bowls on the mantel and piano.

Mrs. Joerg was assisted in receiving her guests by the honoree, Mrs. Myll, who has been a popular member of the garrison circles, and whose many friends regret her leaving Wednesday for change of station. The guests invited to meet Mrs. Myll included 60 members of Atlanta and garrison social circles.

Mrs. Thomas Mayo will entertain at a bridge-tee at her quarters at the garrison this afternoon, including in her guest list 20 members of the military set. Those invited are Mrs. Lochlin W. Caffey, Mrs. Carl H. Seals, Mrs. J. Y. Dunham, Mrs. Henry W. Robinson, Mrs. Samuel C. Harrison, Mrs. Robert Joerg, Jr., Mrs. John R. Dinsmore, Mrs. Thomas H. Ramsey, Mrs. Simon J. Seals, Mrs. Jay R. Haskin, Mrs. Ernest Higgins, Mrs. Rufus Parsons, Mrs. Robert Moore, Mrs. Robert Griffith Turner, Mrs. A. M. Parsons, Mrs. Walter Scott Winn, Mrs. I. H. Joffe, Miss Helen Caffey and Miss Dorothy Tebbets.

The headquarters company of the Twenty-second infantry will entertain at a dinner at the company mess hall Monday evening in honor of their basketball team, who were recently proclaimed the post champions, having defeated the squad from Company G in two out of three closely contested games. The guests will include the members of the company, officers of the regiment and the non-commissioned officers of the first three grades.

Mrs. Taylor, of Bristol, Va., To Visit Mrs. Jacobs March 18

Mrs. George Taylor, of Bristol, Va., arrives March 18 to spend 10 days with Mrs. Maud K. Jacobs at her home on Montclair drive. Mrs. Taylor has a large number of friends in Atlanta, made during her four years' enrollment at Agnes Scott college, where she was Miss Bessie Dixon, of Morganton, N. C. Mrs. Jacobs will be hostess at a luncheon party in compliment to her guest at which a number of her former Agnes Scott college mates will assemble. Mrs. Taylor will be recipient of a number of social gaieties during her visit, at which her friends will extend to her a warm welcome.

Miss Harriet Jacobs, who is a student of the Beaver school at Chestnut Hill, Mass., and Fred Jacobs, who is enrolled at Tufts college, Summerville, Mass., arrive March 31 to spend the Easter holidays with their mother, Mrs. Maud K. Jacobs. Mrs. Jacobs will keep open house Sunday afternoon, March 31, in honor of her son and daughter, at which time a large number of the college set will call. Mrs. Jacobs will return to Massachusetts with her son and daughter April 10, where she will visit her sister, Mrs. H. M. Camp, and her brother, H. M. Tesh, at their home in Boston. Miss Harriet Jacobs sails June 1 for Europe, where she will spend the summer studying French in Grenoble, Italy. Fred Jacobs will accompany his uncle, H. F. Lesh, June 1 to California via the Panama canal. They will also visit Alaska before returning to Massachusetts in the early fall, where Mr. Jacobs will resume his studies at Tufts college.

Before returning to Atlanta the first of June Mrs. Jacobs will visit Mrs. W. R. Wilcox, in New York, and her son, Thornwell Jacobs, Jr., who is a student at Culver, Ind.

Miss Madge Benson Is Honor Guest.

Miss Madge Benson, bride-elect of March, was honored at a magnificent shower recently at which Mrs. J. F. Duckett was hostess at her home on Inman street, S. W. Upon arriving each guest was presented with a telegram blank, wherein to write their congratulations and best wishes to Miss Benson. Contests were entered into and prizes awarded to Mrs. Powell Ragan, Miss Emma Garrett, Mrs. C. H. Goodson, Mrs. Stella Johnson. Among those present were Misses Madge Benson, Bertha Douglas, Erna Garrett, Esther Orr, Eleanor Montgomery, Ruth Glazner, Mesdames H. P. Rhodes, Ruth Garrett Cofer, J. R. Miss Abbey Weds William C. Mann.

A marriage of special interest to a host of friends throughout the city and state was that of Miss Lucile Abbey to William C. Mann Saturday. The marriage took place in the primary department of the Baptist Tabernacle church, of which department the bride has been superintendent for a number of years. The ceremony was performed by Dr. Len G. Broughton, assisted by Rev. Ralph Stewart. Mr. and Mrs. Mann are at home at 1587 Olympic circle.

'Post-War Problems' Feature Meeting Held at Mrs. Kay's

The History Study Club of Atlanta met Tuesday afternoon at the home of Mrs. Lamblin Kay on Cresthill avenue in Boulevard Park, with Mrs. Walter Van Nostrand, president, in the chair, and was marked by an exceptionally able resume of the previous program by Mrs. T. G. Fowler, secretary. The subject was "Post-War Problems," and this topic was discussed most interestingly in a compact but comprehensive paper prepared and read by Mrs. Albert Jones. Instead of the customary period devoted to current events, a round-table discussion of the recent presidential inauguration and an exchange of views concerning Georgia's natural resources were carried forward by the membership. The club had as its guest of honor Mrs. A. H. Lyndon. Those present were Mrs. John Aikens, Mrs. Perry Bechtel, Mrs. L. H. Caldwell, Mrs. T. G. Fowler, Mrs. Albert Jones, Mrs. Henry Sacre, Mrs. Walter Van Nostrand, Mrs. C. L. Williamson and Mrs. Lamblin Kay.

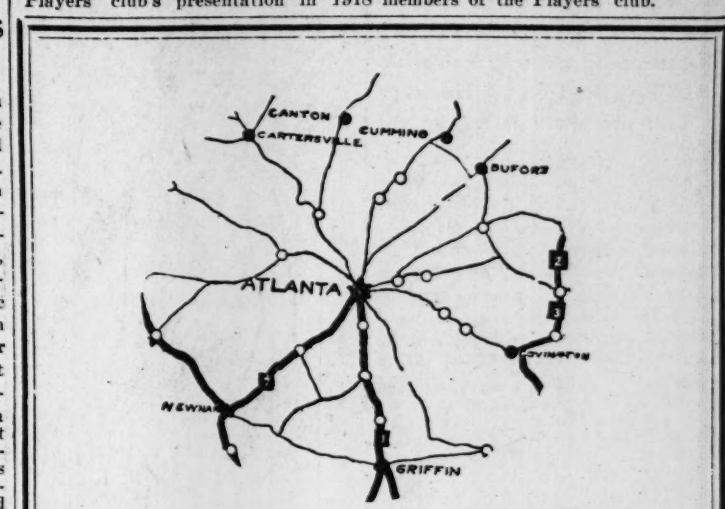

Mrs. Albert Jones will be hostess to the club at the meeting held on Tuesday afternoon, March 20, at her home, 351 Josephine street.

Causerie Francaise To Meet Friday.

The Causerie Francaise meets Friday afternoon at 4:30 o'clock at the High Museum. Professor Pierre Porohovshikov, continuing his "Causeries en francais," will present the second number of the series of 10 talks on French literature and French writers he is giving every Friday afternoon. Alexander Dumas and Edouard Pailleron will be the French writers under discussion. Professor Porohovshikov will give a running commentary on Dumas' "La Dame aux Camelias" and his "Monsieur Alphonse," and on Pailleron's brilliant and witty satire, "Le Monde ou l'on s'ennuie."

This talk will be of particular interest to the members of the Causerie.

Francise, because "La Traviata," the operatic version of the "Dame aux Camelias," will be sung in Atlanta during opera next month and because of the delightful memories of the Atlanta Players' club's presentation in 1918 of "Le Monde ou l'on s'ennuie" in English translation—the roles played by Mrs. John M. Stanton, Mrs. Erskine Jarnagin, Mrs. Gordon-Smith, Mrs. Shallenberger, Mrs. E. King and other members of the Players' club.

We Paved the Road From Atlanta to Griffin With Cotton Fabrics..

... In honor of King Cotton's Annual 14th of March Jubilee yesterday! We began on Rich's Second Floor at 9 o'clock in the morning and by 5:30 in the afternoon we had circled about Griffin and started home again... weary, aching of arm and empty-handed—but rejoicing in a deed well done, old friends re-met, new friends made!

... This is metaphorically speaking of course—but we could just as easily have wended our triumphant way to Canton—Cumming—Covington—Buford—Newnan—or Cartersville... FOR WE SOLD OVER 40 MILES OF COTTON GOODS YESTERDAY!

... Why—the prints alone would have stretched to Lithonia—and the sheer, cool dimities and the flowered flaxons could have blossomed the road all the way to Marietta and still had enough left to tread a May-Pole dance about the town square.

... The tumult and shouting have died—the celebration is over for another year—but Old King Cotton sits high on his throne, securely preeminent in the royal family of priceless commodities!

S. C. STATE GAS TAX BILL AWAITS SIGNATURE

Measure Ordered Enrolled for Ratification by House; Amendments Suit.

Columbia, S. C., March 14.—(AP)—A bill raising the state gasoline sales tax to six cents a gallon, companion measure of the \$65,000,000 state highway bond issue bill now awaiting the governor's approval, was ordered enrolled for ratification by the South Carolina house of representatives today. The house concurred in senate amendments which set up a machinery for reimbursement agreements for road building between the counties and state highway department similar to that now existing under the "pay-as-you-go" act.

Proponents of the senate amendment claimed that this would establish the "pay-as-you-go" act upon the basis of increased tax revenue. If the statewide bond issue bill were declared unconstitutional, they declared, this method might be used to complete the state highway system in the four years contemplated.

Under existing law three cents of every five cents a gallon tax is given to the general fund for construction of state highways, while two cents is divided among the counties for local roads. The six-cent law would give the state roads five cents and the county roads one cent.

The five-cent gas tax last year yielded about \$5,500,000.

Violin's Sweet Strains, Emitting From Bull Pen, Soothe Postal Workers

"Music hath charms," it is reported. Workers in the postoffice building in the vicinity of the well-known "bull pen," were somewhat startled Thursday afternoon when, with no warning whatsoever, the tuneful strains of a violin began drifting hither and yon for no apparent reason.

Investigation disclosed the "person" as being one Herman Salvione, who was at the time an occupant of the aforementioned W. K. bull pen. It was also learned the Salvione was awaiting transportation to Pittsburgh to face federal court there on a charge of violating the white slave act. He has just been released from the federal prison here, it was stated, and his bond was placed at \$5,000 following a preliminary hearing before Commissioner Griffith.

The lace appears again in tied cuffs of long dart-fitted sleeves. To copy it exactly takes but 3-4 yards of 40-inch silk crepe with 3-8 yard of 36-inch lace, with 6 yards of silk bias tape for edge of tiers, in the 36-inch size. The edge of tiers are also very daintily picoté. Pattern for this youthful frock comes in 16, 18, 20 years, 36, 38, 40 and 42 inches bust. Beige georgette crepe, printed silk crepe, or black chiffon is very smart. Pattern price 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

BURGESS CHILDREN'S STORIES

THE OWL THAT LIVES IN THE GROUND.

By Thornton W. Burgess.

What matters it where you reside? A home is not a cause for pride.

—Billy the Burrowing Owl.

Peter had a lot to think of. He was becoming almost wistful. He sighed. "I wish I had wings," said he.

"What do you wish you had wings for?" demanded Wanderer the Evening Grosbeak.

"So I could travel the way you do," replied Peter.

Wanderer chuckled. "Better be satisfied as you are, Peter," said he.

"Better be satisfied as you are. I am afraid that if you had wings you would soon make a good meal for Hooty the Owl or one of the Hawk family. Speaking of Owls, did you ever see an Owl living in the ground?"

Instantly Peter forgot his vain wishes. "What do you mean by living in the ground?"

"Just that," replied Wanderer. "Did you ever see an Owl whose home was in the ground?"

"Certainly not," replied Peter.

"Certainly not. The idea of an Owl living in the ground!"

"Billy the Burrowing Owl does," said Wanderer, good naturedly, not in the least offended at Peter's doubts.

"I have never heard of Billy the Burrowing Owl. Where does he live?" asked Peter.

"He is one of the neighbors of Yap Yap the Prairie Dog," replied Wanderer. "I have many times seen him sitting on one of Yap Yap's watchtowers."

"That doesn't mean anything," said Peter. "I have more than once seen Hooty's cousin, Short-ear the

said he, "he isn't what you would call big. Of course, you know Spooky the Screech Owl?"

"Certainly, I know Spooky the Screech Owl," replied Peter.

"Well," said Wanderer, "Billy Owl is just a little bit smaller than Spooky the Screech Owl."

"Pooh!" exclaimed Peter. "I wouldn't be afraid of him."

"No," replied Wanderer, "you wouldn't be afraid of him. But your babies might be."

Peter scratched a long ear with a long hindleg. Then he scratched the other long ear with the other long hindleg. "I suppose that's true," said he.

"I certainly wouldn't trust one of my babies around where Spooky could catch him. Does Billy Owl bother Yap Yap the Prairie Dog?"

"They seem to be very neighborly," replied Wanderer. "Certainly. Yap Yap isn't afraid of Billy. But I suspect that Billy Owl could tell, if he would, what becomes of some very

"Give Me
an even Break"
says the Trainman

THE next time you are called to sit on a jury trying a damage suit growing out of a street car-auto collision, remember these things about this Trainman of yours—

He is selected out of hundreds of applicants. He is not permitted to take charge of a car until thorough examinations have proved him physically and mentally fit, and not until after careful training has given him skill and experience. He is supervised, controlled, disciplined, responsible, sober.

Anyone—old or young, trained or untrained—may drive an auto. Auto drivers may, or may not, be equipped with the physical strength and nerve control necessary for the difficult task of guiding an automobile through traffic. They are supervised and controlled by one supervisor, seldom disciplined for their errors, responsible often only to themselves, and not always sober.

The trainman cannot be careless, reckless, negligent, indifferent to the rights of others, and keep his job. The automobile driver may be all of these things, and con-

tinue driving his car through crowded streets for years.

The trainman's job itself, his success in his chosen life work, his social standing even, for his friends are mainly other trainmen and their wives, all depend upon his not having the accident.

And he, Gentlemen of the Jury, is on trial whenever you try a case in which his car is involved!

Balance up his qualifications, his temperament, his training, his reasons for being habitually careful, against those of the average automobile driver.

Which is entitled to the benefit of the doubt?

Searcy-Merriman Wedding Rites To Be Solemnized at Griffin April 6

Griffin, Ga., March 14.—Centering cordial interest of fashionable society in the south and the east are the wedding plans of Miss Alice Searcy, of Griffin, and Charles H. Merriman, Jr., of Griffin, formerly of Providence, R. I., the wedding to be solemnized Saturday afternoon, April 6, at 3:30 o'clock, at St. George's Episcopal church, in the presence of a fashionable assemblage. Aldine Combs will preside at the organ.

The bride-elect will be given in marriage by her father, Judge William E. H. Searcy, Jr., of Griffin, and will have as her matron of honor her sister, Mrs. Ralph N. Shannon, of Camden, S. C. Miss Sally McCall Hamer, of Orlando, Fla., will be the maid of honor. The bridesmaids will be Mrs. John Lewis, of Providence, R. I., sister of the groom-elect; Mrs. Bartlett Searcy, of Griffin, sister of the bride-elect; Miss Estelle Bassett, of Summitt, N. J.; Miss Sara Hurt, of At-

lanta, and Miss Selma Watson, of Wilson, N. C. The best man will be Howard Merriman, of Providence, brother of the groom-elect, and the groomsmen will be Bartlett Searcy and William Searcy, III, of Griffin, brothers of the bride-elect; Isaac Merriman and Larry Knowles, of Providence, R. I.; Gus Zinsner, of New York city, and Jack Livingood, of Cincinnati.

Mr. and Mrs. Bartlett Searcy will entertain the members of the wedding party and the two families informally at their home on the Macon road, after the ceremony.

Mr. and Mrs. Joseph J. Bart entertained recently at their home in Kirkwood in honor of their daughter, Marie, in celebration of her twelfth birthday.

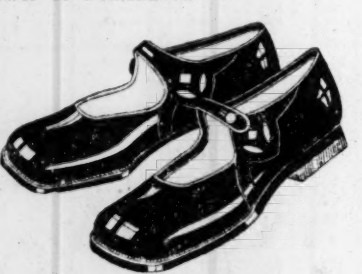

CHILDREN'S FOOTWEAR!

GRATITUDE and appreciation in after years come from the painstaking care given in this department to the proper fitting of children's shoes.

THOUSANDS of women, whose first pair of infants' footwear came from this store—where they have been faithfully served throughout the years from childhood through youth and into the full flower of womanhood—

NOW bring their children here because they are sure that care and skill in fitting will insure perfect foot comfort in all the years to come.

AS heretofore, the unvarying policy of giving the utmost care and consideration to the foot needs of the children will continue to prevail in this department.

PICTURED here are four Nature foot-form models that come in the best materials and the prevailing preferred shades. The infant, the sturdy youngster and the stylish miss can be equally well suited in this complete department.

To dine without drinking "Canada Dry" is to miss the thrill of the meal

GRACIOUS as the manners of an accomplished hostess... sparkling as the conversation at her dinner table... mellow as spacious hospitality... such is the quality of "Canada Dry."

How its "dryness" adds zest to dinner! How its marvelous flavor complements the savor of food! Its mildness and mellowness are like that of

some rare old wine. And the subtle suggestion of ginger to its taste gives it a distinction, a preference which has won the approving nod of connoisseurs. "Canada Dry" is made from absolutely pure ingredients. The highest quality of Jamaica ginger is used. Capture the thrill of drinking this purer, finer beverage. Order it today.

REPORT OF ROOT ON WORLD COURT IS PASSED OVER

Geneva, March 14.—(AP)—The report of Elihu Root concerning the terms of allegiance of the United States to the world court did not come up at today's session of the jurists commission which took under discussion whether judges in the court should be permitted to write books, give lectures, try legal cases and do various other things which might be incompatible with their duties.

After listening for some time, Mr. Root intervened with the remark that the judges should not be tied down too closely. The court needs eminent men and to get these the jurists must repose complete confidence in them and assume that they will do the right thing.

In view of the desirability of having all amendments to the court statutes ratified by the governments before the court's elections of 1930, a tendency has been shown by the jurists to make as few amendments as possible and to embody changes in resolutions to be adopted by the assembly of the League of Nations.

T. H. S., Riverside, Lanier and G. M. A. Enter Semi-Finals

Boys', Gordon, Norman Park, G. M. C. Lose

First Game Tonight Will Get Under Way at 8 O'Clock at Tech.

Tonight's Games

Tonight the semi-finals of the Constitution G. M. A. tournament will be played on the floor at the Tech gym and the battles to decide which teams will go into the finals. There is a great possibility of an all-Atlanta final with a local team left in each bracket.

Here's the schedule:

8:00 p. m., Tech High vs. Riverside.

9:00 p. m., G. M. A. vs. Lanier.

BY BEN COTHMAN.

Two of Atlanta's finest prep basketball teams will be battling in the semi-finals of the Constitution G. M. A. basketball tournament, now under way at the Tech gym.

At 8 o'clock Tech High will go out on the court to see just how tough Riverside's Cadets from Gainesville, while at 9 o'clock the G. M. A. Cadets will take on a strong team from Macon, Lanier.

All that was brought about by the following results Thursday:

Tech High, 31; Gordon, 24.

G. M. A., 24; Boys' High, 21.

Riverside, 42; Norman Park, 21.

Lanier, 36; G. M. C., 22.

Those are the results of the four basketball games that were played and exciting from the time play began until it ended.

But as good as they were, they can't begin to be as thrilling as the pair scheduled for tonight.

promise to be. Riverside has been sliding through this tournament like a cake of ice going down from all indications.

It is likely to have trouble when it strikes the Smithies of Tech High, who have played good basketball in the tournament.

Cadets Hold One Victory.

G. M. A. will tangle with Lanier. The Cadets have defeated the Poets five once this year and from all indications should be able to do it again and if that isn't possible, will certainly put up a fight that is worth watching.

In the hardest fought game of the tournament thus far, the Smithies of Tech High downed Gordon in a rough and tumble sort of affair this was a schizoid from the start. English, Tech High forward, paid strict attention to business and emerged with 15 points and glory all over his person.

Just before the G. M. A. and Boys' High, rivals of long standing, had tangled in a furious battle which G. M. A., by means of a smoother, better-timed offense won, after Boys' High came from behind to take the lead.

Poets Forced to Limit.

They had another battle of ancient rivalry when Lanier and G. M. A. tangled. Although G. M. A. was hardly ever within striking distance, the boys never gave up and Lanier was forced to the limit to win. The Poets, however, showed that they were capable and will cause trouble for G. M. A. tonight.

Riverside had the easiest time, defeating Norman Park. It took the Gainesville bunch over a quarter to get started, but once it did the points came streaming in steadily.

Riverside had a good fight of it during the first half but slowed down in the second.

Riverside Trims Norman Park.

It took Riverside, playing Norman Park in the first game, all of one quarter to get started. Norman Park began with a rush and led at the end of the first quarter by 8-7. Freeman, forward, was the main reason for Norman's staying ahead.

Then in the second quarter the Cadets found themselves and with Foster and Broxton, the latter a sub forward but a sure shot, dropped in field goals the Cadet machine began clicking and at the end of the half was leading at the half by a score of 21 to 12, holding in check Eastering, Norman Park's forward who was a round victory.

The Cadets kept moving with their silent, efficient smoothness that brought them points with monotonous regularity while Norman Park, un-

Arkansas Governor To Veto Bill

Little Rock, Ark., March 14.—(AP)—Governor Harvey Parnell issued a statement today saying he will veto the bill passed by the legislature legalizing armistice betting on horse racing.

The statement said:

"House bill 516, which legalizes horse track gambling in this state, has been passed by the legislature. I have told everybody who has said anything to me about it that I would disapprove this measure if passed, and I shall certainly veto it when it is presented to me."

A one-hour match between two good men will open the show. The main event will be the two-hour limit, best two-out-of-three falls.

Matchmaker McGroarty, who is busy trying to revive interest in the bone crushing profession in Atlanta, announced Thursday afternoon that he had signed Rudy Dusek, the Nebraska Bearcat from Omaha, for his main match on the night of March 21.

An opponent for Dusek will probably be named sometime today, the Memphis matchmaker stated. He has in view several outstanding grapplers and will match the Nebraska with the best of the lot.

Dusek, a sensation in the western states, is a newcomer to Atlanta wrestling fans. He has never wrestled here but the local matchmaker states that he is a clever wrestler and a good crowd-pleaser.

til the latter part of the half, was unable to make any points except by the back route. Then the boys from south Georgia got a couple of field goals but it availed little. At the final whistle Riverside was leading by a score of 41 to 21.

Lanier Advances At Expense of G. M. C.

In the fastest game of the tournament thus far Georgia Military College and Lanier, of Macon, ancient and bitter rivals, moved off in the season game of the afternoon. From the opening whistle the two teams fought each other as hard as they knew. Guarding was close with Lanier's being the closest.

The Poets broke through first to take the lead and at the end of the half they were ahead by a score of 17 to 9. None of the G. M. C. men were able to connect with the basket except Wynn, one of the fastest men in the tournament, who broke through three times for goals from the field. Long was the outstanding shooter for Lanier, also getting three goals during the half.

Gooding and Buice, of Lanier, started off the second half with a rush, scoring four goals between them and sending Lanier into a lengthy lead that it never relinquished while the game lasted. G. M. C. couldn't manage to break through until the last few minutes when it came closing in. Crockett leading the defense, Lanier's defense was too strong and the final whistle sounded, leaving Lanier victorious by a score of 36 to 22.

Smithies Defeat Gordon Quintet.

In the bitterest battle of the tournament, Tech High and Gordon moved out to play in the final game of the second round Thursday night, and it was fought from the opening whistle. For several minutes the two teams, closely guarding each other, raced up and down the floor with neither being able to break through for a score.

Tech High opened it with a foul shot by English and then Gordon went into a temporary lead when Godfrey shot a field goal. And off they went, in a ding-dong battle that was fought until the final whistle. The game was rather rough at times with both teams grumbling a bit at the officials, themselves and each other.

T. H. S. Takes Lead.

Tech went into a temporary lead and was trailing, 7-8, at the quarter and 13-17 at the half. (Gordon was going strong and seemed to have a slight edge. But in the second half Moot and English, aided by the splendid floorwork of Chandler and Henderson, began flipping in the paint and though the game grew rougher, with numerous fouls being called, the Smithies got into the lead and held it until the end though Gordon threatened two or three times.

Purple Cagers Bow to G. M. A.

This game followed right on the heels of a hard-fought game between G. M. A. and Boys' High in an all-Atlanta affair. Boys' High, after trailing throughout the half, took the lead shortly after the second opened, but lost it a few minutes later and could never regain its advantage. The Cadets were working calmly and smoothly and made it evident that they would be heard from before going out of the tournament.

The Cadet defense was almost perfect in the first half, it being 15 minutes before Boys' High scored a field goal. Bryan Grant led the Purple Five in its shooting with nine points while B. Clarke was best for G. M. A. with eight.

Purple Five Rallies.

After the first half had ended with G. M. A. leading by 15-8, Boys' High came back, and in a hurry, Stayton, Grant and Wynn, in the order named, had tied the score at 12-12 and a foul shot by Wynn put the Purple in the lead. Grant shot another one and then G. M. A. began closing in, caught its opponent and kept progressing steadily, being ahead by 24-21 at the final whistle.

Horses Owned by J. K. Ottley Are Accorded High Places At Horse Show in Augusta

"Ocean Breeze," "Ocean Wave" and "Dixie" Win Two Championships and One Second Place.

Augusta, Ga., March 14.—(Special.)—Three fine, highly bred horses, owned by John K. Ottley, prominent Atlanta sportsman and president of the Fourth National Bank of this city, were accorded high places when today's results at the Augusta Horse Show were tabulated here tonight.

"Ocean Breeze," regarded as one of the finest specimens of equine excellence in this section of the country, and the pride of Mr. Ottley's stables, was returned as champion in the three-year-old saddle-horse class, with "Ocean Wave," also an Ottley horse, running second.

"Dixie," another of Mr. Ottley's thoroughbreds, won the "reserve" class championship.

Despite rains that interfered, the annual horse show got under way today with a brilliant background of spectators from all over the state, and visitors at winter resort hotels here.

Gaily colored slickers and parasols added to the color of the event, as splendid horses were put through their paces, with society paying slight heed to the gentle rainfall.

Scores of the finest saddle horses, polo ponies, and hunters and jumpers in this section of the country were on exhibition.

List of Winners.

POINCARÉ'S CABINET SURVIVES BIG CRISIS

Paris, March 14.—(AP)—Premier Poincaré's national union cabinet today came through what had been predicted to be a grave crisis with the cabinet intact.

A majority of 60 sustained his demand for immediate discussion of the cabinet's proposal to return to France the French influence in many foreign countries, particularly in Latin America, had been declining because French religious orders were unable to recruit their members in France to the number of 12.

Radical and socialist members of parliament have been trying for three months to prevent consideration of these measures. It was thought this morning that the cabinet would be defeated when the government was victorious by 60 votes. But at the afternoon session they moved the previous question and the government's majority increased to 72.

Socialist deputies thereupon announced that they would demand adjournment when the measures come up again Tuesday.

Premier Poincaré and Foreign Minister Briand both made clear their determination to push the bills through because of the great national interest involved. They declared that French influence in many foreign countries, particularly in Latin America, had been declining because French religious orders were unable to recruit their members in France to the number of 12.

PROSECUTION CONFERENCE IS HELD BY HOOVER

President Talks to Two Yale Men on Proposed Investigation.

BY ALFRED P. RECK.

Washington, March 14.—(United News.)—President Hoover started the first concrete move toward organizing the proposed law enforcement investigation commission today in an extended conference with two members of the Yale law faculty.

In addition it was announced that Charles Evans Hughes, former secretary of state and one of the leading lawyers of the country, would arrive at the white house tonight as the guest of the president.

The announcement concerning Hughes gave rise to a rumor that he would be asked to head the commission.

Dean Robert M. Hutchins, of the Yale law school, and Professor Charles Clark, of the university legal faculty, were the first persons outside of official life with whom the president has discussed his plans.

Called to White House.

Both were summoned to the white house, the president outlined the general plan of procedure and the scope of the investigation to them, it was learned.

Two other prominent lawyers will be consulted later before President Hoover names the commission president. It was learned that Thomas W. Shelton, of Virginia, chairman of the American Bar association's committee on judicial reform, and Henry W. Taft, of New York, also a bar association official, have been asked to discuss the investigation with the president.

Professor Clark has been engaged for the past two years in conducting a similar inquiry for the Rockefeller foundation. Although the findings of his investigation are only half completed they were submitted to President Hoover in today's conference.

Reports also were current that Clark might be given an important place on the commission.

Visit of Hughes.

Hughes' announced visit, however, created increased speculation on the commission personnel in face of reports that the former secretary of state was not in a position to lay aside his private law practice and participate in an investigation of the scope proposed by the president.

It was understood that Mr. Hughes would be willing to advise the commission of the president but unable personally to devote much time to the inquiry.

There is every indication the president will subject all proposed members to the closest scrutiny as he desires neither radical wets nor radical dries. He has indicated he is anxious to have the commission composed of persons who are well known and familiar with court procedure and with a capacity for intelligent investigation.

Committee of Nine.

Present indications point to a commission of nine members or less. The president has indicated he is in no rush to select the personnel, although he said the commission would probably be made up within the next two or three weeks.

As the inquiry and recommendations of the commission will be one of the outstanding achievements of his administration, President Hoover is proceeding slowly and cautiously.

He desires a thorough investigation of the law enforcement situation, with particular emphasis on prohibition, and a thorough survey of judicial reform proposals.

It was understood the Yale professors stressed the slowness of court procedure in their conference and left figures of the present situation, which showed nearly one-half of all important cases require approximately one year to pass through the courts.

MRS. FRED STILSON DIES AT RESIDENCE OF HER DAUGHTER

Mrs. Fred J. Stilson, well-known Atlanta woman and a resident of the city for 53 years, died suddenly of a heart attack Thursday afternoon at the home of her daughter, Mrs. E. J. Perkins, at 935 Ponce de Leon avenue, S. E.

A native of Attleboro, Mass., Mrs. Stilson came to Atlanta on her marriage to the late Fred J. Stilson, a prominent jeweler of Atlanta.

She was a member of the North Avenue Presbyterian church, joining soon after it received its charter and was one of the most active and devoted members of the church.

She also was active in the work of the Atlanta chapter of the Daughters of the American Revolution; the Atlanta chapter of the United Daughters of the Confederacy; and the United Daughters of the Republics of America.

Funeral services, arrangements for which will be announced later, will be held at the home of her daughter, Mrs. E. J. Perkins, at 935 Ponce de Leon avenue, S. E., at 10 o'clock Friday morning. Burial will be in the Woodlawn cemetery.

SOUTHWORTH FAILS TO HAVE MURDER CHARGE SET ASIDE

West Palm Beach, Fla., March 14.—(AP)—Southworth failed to have a murder charge set aside today when he pleaded guilty to the slaying of a woman in a rooming house in Miami.

Southworth recently received a 30-year sentence after confessing to the slaying of a woman in a rooming house in Miami.

His attorney, who had been retained by Southworth, failed to have the charge set aside today when he pleaded guilty to the slaying of a woman in a rooming house in Miami.

Woman Divorces Husband Without His Knowledge

LIVE TOGETHER SIX MONTHS AFTER DECREE

Boston, March 14.—(AP)—The discovery of the will of "Bertha Lague" in the pigeon hole of a desk in her home here disclosed that she was divorced, without her husband's knowledge, in Miami, Fla., last June.

The bulk of her estate, valued at \$100,000, was left to a half-sister, Gladys Louise Rogenkamp, Louisville, Ky., and \$5,000 was bequeathed to her son, George L. Homer, a "happy one."

The divorce was obtained while Mrs. Homer was on a vacation in Florida. She was divorced by a Florida judge, who was to look after these holdings that she went south last June.

No papers in the divorce action were ever served on her husband, who was living in Miami, Fla., at the time. The only approach to service apparently was the insertion of a small notice in a Florida newspaper.

Miami, Fla., March 14.—(AP)—Petition for divorce was filed in circuit court here April 15, 1928, by Bertha Lague Homer, and charged her husband with excessive use of alcohol, cruelty and a violent and unprovoked temper. She alleged Homer shot at her December 12, 1927, while she was visiting some friends and that on several occasions he beat and choked her.

Divorce decree was granted in circuit court here June 15, 1928. Mrs. Homer, who is now in Miami, Fla., is the only witness to testify.

Notice of the suit was published in a Homebased paper as service on persons living outside the state is permitted under law by publication.

DIPLOMATIC ATTACHES DRIVE LIQUOR TRUCKS

Washington, March 14.—(AP)—Driving liquor laden trucks has been added to the activities of diplomatic attaches in the effort to enforce prohibition lines around Washington.

Private truck owners who have been entrusted with embassy liquor shipments were warned by Washington police some time ago that they would be arrested if caught with such a load unless accompanied by an attaché having credentials proving the right of immunity.

In the first attempt to comply with this policy, the attaché who was assigned to the embassy in Mexico City followed the truck in his private automobile. Police objected, however, that this did not give the truck immunity from the effort to enforce prohibition lines around Washington.

Attaches to the embassy in Mexico City were warned that they would be arrested if caught with such a load unless accompanied by an attaché having credentials proving the right of immunity.

TORNADO'S VICTIMS' FUNERALS SATURDAY

Greenville, S. C., March 14.—(AP)—The nine victims of the tornado which struck this city on Saturday morning at 10 o'clock, will be buried this afternoon at 2 o'clock in the Greenville cemetery.

The funeral will be held for all nine of the dead and they will be interred in the Greenville cemetery.

The funeral will be held for all nine of the dead and they will be interred in the Greenville cemetery.

SNOWSTORM BLOCKS CONTINUES WYOMING

Denver, March 14.—(AP)—The snowstorm, which has claimed one life, paralyzed highway traffic and delayed trains and the airmail in the Rocky mountain region, continued in Wyoming today, although it had subsided in Colorado and Montana.

A dozen towns in Wyoming, where the storm was most severe, were snowed out of the world. The snow was so deep that it was impossible to travel on the highways, making them impassable. Railroads kept their tracks clear with snowplows, but all trains were reported delayed.

At Greyville it was feared the snow, when melted, would cause a repetition of the disaster which resulted in damage of a half million dollars. Streams in that vicinity were reported to be almost out of their banks again.

A native of Attleboro, Mass., Mrs. Stilson came to Atlanta on her marriage to the late Fred J. Stilson, a prominent jeweler of Atlanta.

FLORIDA DOCTORS ASK LAWS AGAINST FAKE PHYSICIANS

Lakeland, Fla., March 14.—(AP)—No longer will the medical "quack" be permitted to practice in Florida, if a measure tentatively adopted by physicians of central Florida at a meeting here last night is made a law.

The proposed measure, known as the "basic science act," would require anyone practicing any healing art to be qualified in the commonly known basic sciences such as anatomy, physiology, chemistry, pathology and bacteriology. Applicants for licenses to practice medicine would be required to pass an examination in these arts.

Physicians who attended the gathering of numerous cases that had reached serious proportions through ignorant practices of alleged fake doctors.

Dr. H. Mason Smith, Tampa, former head of the State Medical association, who led a campaign for a similar measure in 1927, was a speaker. Others included Dr. C. R. Marney, president of the Hillsborough County Medical society.

GAS EXPLOSION THOUGHT CAUSE OF THREE DEATHS

St. Joseph, Mo., March 14.—(AP)—Officials today turned to the theory that a gas explosion was the cause of the deaths of two buildings here yesterday in which three lives were lost and nine persons injured.

Robert Ramey, brother of Mrs. Nellie Ramey, who was killed, told police that Mrs. Ramey advised him Sunday that escaping gas in her apartment had been hurting her eyes. Mrs. Ramey was quiet as usual and had reported the leak but that no corrective measures had been taken.

While investigators inclined to the view that leaking gas caused the blast, the possibility that the explosions were the work of bombers still was being investigated. Both buildings, about a block apart, housed grocery stores and apartments.
